Ihsan Alfani Putera,Ade Wahyu Yusariarta Putra Parmita,Riza Hadi Saputra,Alfi Suci Dirgantari,Rulliannor Syah Putra,2024-12-23 This book is an open access Sustainability at its core is the ability to meet the needs of the present without compromising the ability of future generations to meet their own needs This principle recognizes the interconnectedness of environmental social and economic systems and seeks to create a harmonious balance among them As our global population expands and resource demands increase the imperative for sustainable development becomes more critical Climate change biodiversity loss and resource depletion are urgent challenges that require innovative and holistic solutions Sustainable futures propose a forward looking approach that considers the long term impact of our actions on the planet and its inhabitants In the pursuit of sustainable futures innovation plays a central role Technological advancements such as those in digitalization and green technology are essential for creating solutions that address environmental challenges while supporting economic and social development Sustainable futures require a holistic integration of policies technologies and societal practices This integration involves collaboration across sectors and disciplines to create synergies that amplify positive impacts and minimize negative consequences Green technology also known as environmental technology or clean technology refers to the development and application of products processes and services that use renewable materials and energy sources produce minimal waste and emissions and have a reduced impact on the environment compared to traditional technologies The primary goal of green technology is to address environmental challenges and promote sustainability So the focus is on exploring how integrating digitalization and green technology can propel us toward a more sustainable and resilient future For this we need to promote innovative sustainable technologies and ensure equal and universal access to information and financial markets Hence the 5th Bicame 2024 offers a conference with various topics that can be used to showcase the development of knowledge from various fields The presentations run in parallel with the conference We are grateful to the sponsors and exhibitors for their interest and support for the conference **The Jewish World In Modern Times** Abraham J Edelheit,Hershel Edelheit,2019-09-10 The

momentous events of modern Jewish history have led to a proliferation of books and articles on Jewish life over the last 350 years. Placing modern Jewish history into both universal and local contexts, this selected annotated bibliography organizes and categorizes the best of this vast array of written material. The authors have included all English language books of major importance on world Jewry and on individual Jewish communities, plus books most readily available to researchers and readers, and a select number of pamphlets and articles. The resulting bibliography is also a guide to recent Jewish historiography and research methods.
