Jude The Lewd:

Jude the Lewd Lomer,2015-09-15 When he applies himself Jude can achieve anything His math teacher encourages him to excel academically but he simply ignores her If she really knew all the answers she wouldn't be teaching math His mother comes home late can barely keep food on the table and resorts to drinking His closest friend if you want to call her that once a valuable social asset has outlived her usefulness As a high school senior Jude has less than a year to leave his mark So he devises the perfect plan which whether or not it leaves a favorable impression will ensure he is never forgotten It's certainly one for the yearbooks but if he fails at his own game he'll have no one but himself to blame Follow along as Jude plots in the classroom and deceives in the bedroom and maybe you'll agree that in high school obscurity is worse than being reviled
