The serial number is attached under the saw. Since it is possible that the saw may be lost or stolen, you may want to etch your own unique marking on the saw and record it along with the serial number and the model number.

**NOTE:** Many threaded fasteners on your saw are metric. For replacement see your McCulloch dealer to obtain correct metric or American standard sizes. Metric tools can be used on these fasteners in many cases, so tool sizes are shown in both metric and American standard.
