well known mathematics educators Margaret Smith Edward A Silver and Mary Kay Stein provide teachers of mathematics
the support they need to improve their instruction They focus on ways to engage upper elementary middle school and high
school students in thinking reasoning and problem solving to build their mathematics understanding and proficiency The
content focus of Volume One is rational numbers and proportionality Using materials that were developed under the NSF
funded COMET Cases of Mathematics to Enhance Teaching program each volume in the set features cases from urban
middle school classrooms with ethnically racially and linguistically diverse student populations Each case illustrates an
instructional episode in the classroom of a teacher who is implementing standards based instruction the teachers perspective
including their thoughts and actions as they interact with students and with key aspects of mathematical content cognitively
challenging mathematics activities that are built around samples of authentic classroom practice and facilitation chapters to
help professional developers teach the cases including specific guidelines for facilitating discussions and suggestions for
connecting the ideas presented in the cases to a teacher s own practice As a complete set this resource provides a basis on
which to build a comprehensive professional development program to improve mathematics instruction and student learning
