Le Businessman Et Le Conflit Des Grands Lacs:

Le businessman et le conflit des Grands Lacs Jean-Louis Home, 2006-09-01 Ce récit est l'histoire d'une compagnie internationale confrontée aux turbulences de l'Afrique centrale des années quatre-vingt-dix. La gestion d'une entreprise surtout si elle est exposée du fait de son importance économique n'est pas une sinécure dans le chaos politique et social de la région. De l'assassinat du Président Ndadaye à Bujumbura la querelle sanglante entre les Présidents Lissouba et Sassou Nguesso à Brazzaville ce livre porte témoignage d'une réalité de terrain vécue pendant plus de dix ans. Business and Sustainable Development in Africa Uwafiokun Idemudia, Francis Xavier Dery Tuokuu, Tahiru Azaaviele Liedong, 2022-03-30 The book offers new critical insights into the relationship between corporate social responsibility CSR and sustainable development in Africa. The extent to which CSR initiatives can contribute to sustainable development in Africa remains debatable. This book examines in a very clear structure how when and whether CSR initiatives are able to contribute to the realization of the sustainable development goals peace and environmental sustainability at the micro levels of society. It also explores some macro level issues such as the relationship between taxation and CSR CSR and human rights and CSR and public governance and in so doing challenges existing CSR dogmas. With themes aligned with the UN Sustainable Development Goals SDGs this book provides useful practical guidance for policymakers and business leaders seeking to better understand the strength and limitations of CSR as a vehicle for advancing sustainable development in Africa. It will also appeal to scholars researchers and students of African studies development studies international business strategic management and business and society.

Global Governance and Corporate Responsibility in Conflict Zones M. Feil, 2011-12-02 Corporations in conflict zones and their provision of security are particularly relevant for understanding whether private actors are increasingly sources of governance contributions that regulate public goods. Feil highlights the discrepancies between political and theoretical expectations of corporate engagement and governance contributions. **Heineken in Africa** Olivier van Beemen, 2019-08-01 For Heineken rising Africa is already a reality the profits it extracts there are almost 50 per cent above the global average and beer costs more in some African countries than it does in Europe. Heineken claims its presence boosts economic development on the continent. But is this true? Investigative journalist Olivier van Beemen has spent years seeking the answer and his conclusion is damning. Heineken has hardly benefited Africa at all. On the contrary there are some shocking skeletons in its African closet: tax avoidance sexual abuse links to genocide and other human rights violations high level corruption crushing competition from indigenous brewers and collaboration with dictators and pitiless anti government rebels. Heineken in Africa caused a political and media furor on publication in The Netherlands and was debated in their Parliament. It is an unmissable exposé of the havoc wreaked by a global giant seeking profit in the developing world. **Africa international**, 2007 Le mensuel interafricain d'information Livres hebdo, 2006 *The Great African War* Filip Reyntjens, 2009-08-24 This book examines a decade long period of instability violence and state decay in Central Africa from
