McCulloch chain saws are identified by a model number (in this instance, K000011) followed by a suffix letter (A, B, C, etc.) stamped on the identification plate attached to the saw. Suffix letters denote variations in parts or assemblies in the manufacture of the saw.

Part numbers listed in this IPL, which have a suffix letter or letters following the description, indicate the part is used only on the model(s) identified by the letter or letters.

Part numbers and descriptions without suffix letter or letters apply to all variants of the chain saw model.

Part numbers which have one or more dots (.) preceding their descriptions may be ordered individually, but they are also included in the kit or assembly whose description begins directly above the dotted.

Part numbers in this IPL, which were not in the previous IPL, covering these saws, are indicated by a dash (-) preceding the new part number.

The policy of McCulloch Corporation is one of constant improvement in design, manufacturing and engineering advancement whenever possible to assure our four stroke cycle power tools, chains, specifications, equipment, colors, design and manufacture's suggested retail prices are subject to change without notice and McCulloch Corporation reserves the right to make such changes without prior notification or obligation to backfill or supply second components for units previously shipped from the factory.
