

INSTRUCTIONS TO AUTHORS

The Analyst publishes papers on all aspects of the theory and practice of analytical chemistry, fundamental and applied, inorganic and organic, including chemical, physical and biological methods. Papers may be submitted for publication by members of The Chemical Society or by non-members.

The following types of papers will be considered:

Full papers, describing original work.

Short papers, also describing original work, but shorter and of limited breadth of subject matter; there will be no difference in the quality of the work described in full and short papers.

Communications, which must be on an urgent matter and be of obvious scientific importance. Rapidity of publication is enhanced if diagrams are omitted, but tables and formulae can be included. Communications should not be simple claims for priority: this facility for rapid publication is intended for brief descriptions of work that has progressed to a stage at which it is likely to be valuable to workers faced with similar problems. A fuller paper may be offered subsequently, if justified by later work.

Reviews, which must be a critical evaluation of the existing state of knowledge on a particular facet of analytical chemistry.

Every paper (except Communications) will be submitted to at least two referees, by whose advice the Publications Committee of *The Analyst* will be guided as to its acceptance or rejection. Papers that are accepted must not be published elsewhere except by permission. Submission of a manuscript will be regarded as an undertaking that the same material is not being considered for publication by another journal.

Copyright. The whole of the literary matter (including tables, figures, diagrams and photographs) in *The Analyst* is copyright and may not be reproduced without permission from the Society or such other owner of the copyright as may be indicated.

Regional Advisory Editors. For the benefit of potential contributors outside the United Kingdom, a Panel of Regional Advisory Editors exists. Requests for help or advice on any matter related to the preparation of papers and their submission for publication in *The Analyst* can be sent to the nearest member of the Panel. Currently serving Regional Advisory Editors are listed in each issue of *The Analyst*.

Manuscripts. Papers should be typewritten in double spacing on one side *only* of the paper. Three copies of text and illustrations should be sent to the **Editor, The Analyst, The Chemical Society, Burlington House, London, W1V 0BN**, and a further copy retained by the author.

Proofs. The address to which proofs are to be sent should accompany the paper. Proofs should be carefully checked and returned immediately (by Air Mail from outside Europe).

Reprints. Fifty reprints of each paper are supplied free. Additional reprints can be purchased if ordered at the time of publication. Details are sent to authors with the proofs.

Notes on the Writing of Papers for *The Analyst*

Manuscripts should be in accordance with the style and usage shown in recent copies of *The Analyst*. Conciseness of expression should be aimed at: clarity is increased by adopting a logical order of presentation, with suitable paragraph or section headings.
