Isabella of Spain William Thomas Walsh,2020-10-20 A new edition of William Thomas Walsh s classic *Isabella of Spain The Last Crusader* from the 1935 edition Contains extra materials on Queen Isabella including a timeline of her life an Author s page with an excellent depiction of his life and importance and a preface by Dr William G von Peters Queen Isabella is a Servant of God and hopefully will be a saint in the near future Her actions were the culmination of 800 years of warfare to drive the Moors out of Spain restoring Spain as a major Catholic power In addition the Catholic Monarch s sponsorship of Christopher Columbus brought the Faith to the New World ended human sacrifice and established Spanish civilization in Latin America The book reads like fiction but it is all true It is vitally important for Christians to read in this age of constant attacks upon the Church and Faith and appeasement by Churchmen of the evils of our time **Isabella of Spain** William Thomas Walsh,2011-10-01 *Isabella of Spain* William Thomas Walsh,1930 Called by her people Isabella la Catolica she was by any standard one of the greatest women of all history A saint in her own right she married Ferdinand of Aragon and they forged modern Spain cast out the Moslems discovered the New World by backing Columbus and established a powerful central government in Spain This story is so thrilling it reads like a novel Makes history really come alive Highly readable and truly great in every respect **Isabella of Spain. The Last Crusader, Etc. [With Plates, Including Portraits.].** William Thomas WALSH,1930 *Isabella of Spain* William T. Walsh,2019-10-21 A breathtaking and monumental study of Spain s greatest queen Isabella and her direct role in three history turning events the expulsion of the last Muslim invaders from Western Europe the expulsion of the Jews from Spain and the discovery of the New World by Christopher Columbus events which all took place in the space of just one year 1492 Written by one of America s foremost professors of English Isabella of Spain traces in exacting detail the life of the queen from her parents through to her death drawing upon her own writings and contemporary records The gripping story which emerges reveals how the young queen led the last crusade against the invader Muslims driving them back and finally defeating them at their last stronghold of Granada ending their 700 year long invasion of Western Europe and how she personally sacrificed her wealth and health in this staggering achievement Having defeated the Muslim invaders Isabella s attention then focused on Spain s huge Jewish population and after determining the full extent of their control of Spanish society their active collaboration with the Muslim invaders the extent of their largely fake conversions to Christianity in order to avoid detection and a particularly shocking case of Jewish ritual murder of a young Christian boy by a group of Jews she took the momentous decision to expel them from Spain At the same time Isabella also financed and gave the go ahead for Columbus s epic voyage which opened the New World to European colonization Isabella was personally responsible for the introduction of all domestic animals to the Americas and many of its now common foodstuffs while at the same time issuing sadly ignored orders to outlaw slavery in those lands When first published this book widely acknowledged as the most significant study of the Spanish queen ever written

generated huge controversy because of its detailed description of the negative Jewish influence in Medieval Spain and the role of the Muslim invaders in nearly destroying Western civilization This new edition has been completely reset and illustrated according to the author s original design It also includes two new appendices the first containing the entire text of the Jewish Expulsion Order and the second the complete text of the famous 1932 debate between the author and Cecil Roth one of Britain s leading Jewish historians on the subject matter of this book **Isabella of Castile** Nancy Rubin Stuart,1991
