Israel II Beyond The Basics Israel Basics Book :

Israel II Miss K J Frolander, 2014-05-14 God chose Israel as a prototype to demonstrate to the world His character when He is engaging with not just individuals but with a whole nation Israel is a real life object lesson as well as the Beloved Chosen People If we don't understand Israel we don't fully understand the Bible This book digs into this grand unfolding plan of a living God who is active in the lives of Gentiles and Jews individuals and nations by providing an understanding of how we came to our modern secular worldview studying God's intention in communication with the Hebrew language the underlying philosophy that led to the Holocaust and uncovering little known stories of how God worked in the lives of the Jews throughout history Politics and Society in Modern Israel Adam Garfinkle, 2015-03-04 With full coverage of recent dramatic events in Israeli politics from the Rabin assassination through the May 1996 elections this work provides an up to date introduction to Israeli politics and society It seeks to convey a strong sense of everyday life in Israel the nuances and contradictions of Israeli identity the ethnic composition and institutional structure of Israeli society as well as Israeli political culture and the issues that dominate the country's domestic and foreign policy **Projecting the Nation** Eran Kaplan, 2020-05-15 Projecting the Nation History and Ideology on the Israeli Screen is a wide ranging history of over seven decades of Israeli cinema The only book in English to offer this type of historical scope was Ella Shohat's *Israeli Cinema East West and the Politics of Representation* from 1989 Since 1989 however Israeli cinema and Israeli society have undergone some crucial transformations and moreover Shohat's book offered a single framework through which to judge Israeli cinema a critique of orientalism Projecting the Nation contends that Israeli cinema offers much richer historical and ideological perspectives that expose the complexity of the Israeli project By analyzing Israeli films which address such issues as the Arab Israeli conflict the Ashkenazi Mizrahi divide the kibbutz and urban life the rise of religion in Israeli public life and more the book explores the way cinema has represented and also shaped our understanding of the history of modern Israel as it evolved from a collectivist society to a society where individualism and adherence to local identities is the dominant ideology

A History of Ancient Israel and Judah James Maxwell Miller, John Haralson Hayes, 2006 Miller and Hayes has long been my number one recommended textbook for classes on the history of ancient Israel and Judah While I may not agree with every word I know of nothing like it for the systematic way in which it sets out the whole range of evidence discusses it critically and bases its historical reconstruction on the results The field has been moving so rapidly however with new discoveries and radically different interpretations of familiar material that it was reaching the point where this book would need to be replaced This new edition represents such a significant revision with account taken of all the most recent main discussions that it will again immediately resume its premier position in the field II G M WILLIANISC N REGIUS PROFESSOR OF HEBREW UNIVERSITY OF OXFORD More than two decades have passed since Miller and Hayes s History helped us absorb the lessons learned when a regnant synthesis that largely authenticated Israel s version of its past had shattered As presented in its pages Israel s history was far more complicated and exhilarating than the one presented in Scripture and its people proved concerned with much more than just communion with God In this completely rewritten edition the frame is basically the same but the details are richer and more absorbing if only because archaeological discoveries and scholarly debates since then have multiplied the questions Writing a limpid prose shaping a story that is neither bland nor boring Miller and Hayes continue to guide us reliably through thorny issues JACK M SASSON MARY JANE WERTI JAN PROFESSOR OF JUDAIC AND BIBLICAL STUDIES VANDERBILT UNIVERSITY Miller and Hayes s comprehensive work has clearly and superbly represented an important scholarly tradition in the study of the history of ancient Israel This revision with substantial bibliographic updating and increase in illustrations and visuals will preserve its status as a standard in the field K LAWSON YOUNGER JR PROFESSOR OF OLD TESTAMENT SEMITIC LANGUAGES AND ANCIENT NEAR EASTERN HISTORY TRINITY EVANGELICAL DIVINITY SCHOOL In a time of polarization over the veracity and usefulness of various forms of data this volume is a welcome addition both for its level headed and even handed treatment of all relevant materials and the sheer volume of material presented The authors respect the intelligence of their readers and supply them with the data the range of scholarly debate on the topic and their own analysis allowing both beginning students and seasoned scholars to soundly evaluate the situation TAMMI J SCHNEIDER PROFESSOR SCHOOL OF RELIGION CLAREMONT GRADUATE UNIVERSITY
