MATH	Common Core Standard	I Can...
September Number Recognition	K.CC.1 Write numbers from 0 to 20. Represent a number of objects with a written numeral 0-20 (with 0 representing a count of no objects). K.CC.2a When counting objects, say the number names in the standard order, pairing each object with one and only one number name and each number name with one and only one object. K.CC.2b Understand that the last number name said tells the number of objects counted. The number of objects is the same regardless of their arrangement or the order in which they were counted. K.CC.2c Understand that each successive number name refers to a quantity that is one larger.	I can write numbers from 0-20 and represent those numbers with a written numeral. I can say the number names in standard order when counting objects and know that one number name goes with one object. I can understand that the last number name said tells the number of objects counted, regardless of the arrangement of the objects. I can understand that each number name refers to a quantity that is one larger.
October Counting	K.CC.1 Count to 100 by ones and by tens. K.CC.2 Count forward beginning from a given number within the known sequence (instead of having to begin at 1). K.CC.3 Count to answer "how many?" questions about as many as 20 things arranged in a line, a rectangular array, or a circle, or as many as 10 things in a scattered configuration; given a number from 1-20, count out that many objects.	I can count to 100 by ones and by tens. I can count forward beginning from a given number (instead of having to begin at 1). I can count to answer "how many?" about up to 20 things arranged in a line, array, or circle, or up to 10 things scattered.
November Comparing	K.CC.4 Identify whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group, e.g., by using matching and counting strategies. K.CC.5 Compare two numbers between 1 and 10 presented as written numerals.	I can identify whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group. Journey Sue McCord,2011-06-17 The Storybook Journey Pathways to Learning through Story and Play is based on a solid understanding of how children develop It is intended to inspire practices that support and enhance the growth of each individual child within the context of the group through children s stories The suggested starting place in the journey is selection and discussion of a story from children s literature its main ideas concepts significant aspects appeal and special meaning to individual children and a brainstorming of ideas that will link facets of the story to the lives of the children Teachers link the experiences in the classroom around the story concepts careful observation of the children and the gathering of necessary props and materials for the facilitation of the journey The connections to the child s home community and classroom play a critical role Some children such as those with autism may create an inner world around a struggle or a story of struggle Through the stories they choose we may hear or see a glimpse into their world and learn how to move closer to support them The emotional stability nurtured by caring adults in their lives allows children the freedom and energy they deserve to be able to concentrate engage learn follow through and enjoy the world that is out there for them to explore When families are a part of the Storybook Journey process children experience the enriching and vital daily life extensions of the stories beyond the classroom The Storybook Journey is neither a unit plan detached from the lives of children nor a series of recipes developed by adults Its uniqueness lies in its intention to give teachers enough content and inspiration that their own creativity and enjoyment of the Storybook Journey process will carry them the children and the children s families to new and interesting avenues of learning Journeys Kindergarten Kit Complete Hmh,2010-06-09 **Journeys Common Core -**
