Maths Past Papers Gcse Higher Tier:

Which GCSEs? 1st edition Alison Dixon, 2020-03-03 Making the right choice of GCSE subjects is one of the first major decisions you will make about your future Some subjects will be compulsory but you will have a choice of other options Which GCSEs is full of information to help you make the best choice for you It also tells you about the other qualifications that you can take at Key Stage 4 as well as outlining other pathways such as apprenticeships Each subject area covers What and how you study Careers related to your GCSE choices Your options after your GCSEs **The Online Tutor's Toolkit** Molly Bolding, 2022-10-12 This book contains everything you need to know to get started as an online tutor It covers the essentials of tutoring choosing your tech and software managing homework and getting set up alongside detailed guidance focusing on each level of tuition With techniques developed through research and first hand experience the author explains exactly how to turn existing subject knowledge into effective tutoring for students of all ages in a variety of subjects Divided into two parts the first answers the logistical questions facing every new tutor such as what equipment do I need Where can I apply How much should I charge The second half focuses on how to tutor different age groups effectively and subject specific areas including English Maths and Science as well as the author's tried and tested 5 step process for choosing a subject assessing a student and planning their first lessons There is also information on how to support students writing personal statements and applying to university as well as teaching English as a Second Language Alongside tailored up to date information on available software hardware exam specifications and the online tutoring marketplace the book contains a 10 week timetable of adaptable lesson plans so new tutors can get started immediately Finally there are two additional downloadable chapters which expand on less common subjects and another which includes a digital download of every resource from the book With suggestions for resources homework and timings to support you at every stage this is an essential read for anyone wanting to succeed as an online tutor **Inequality and Flourishing** Mariama Ifode-Blease , 2022-06-30 It is no surprise that Christians have long been involved in education the quest for human flourishing and wholeness is at the heart of the gospel and education is critical to that quest Good education has the power to transform our relationships with ourselves with each other with and within communities and ultimately between nation states But what is surprising is our theological silence in the face of the deep injustices which lie at the heart of our education system In **Inequality and Flourishing** Mariama Ifode Blease explores and exposes these inequalities and calls for a greater remembrance of the bountiful and daunting gift of stewardship we have as we educate young people Drawing on interviews she offers a fresh vision of education as being about giving children the best tools to be stewards of their minds and bodies our communities and ultimately our planet Understanding Assessment David Lambert, David Lines, 2013-04-15 This is the first title in this new series which is aimed principally at secondary PGCE and BAEd students and school and HEI based tutors Each book provides a digest of the central issues around a particular topic or issues grounded in or supported by

examples of good practice with suggestions for further reading study and investigation The books are not intended as how to books but rather as books which will help students and teachers to explore and understand critical theoretical issues in ways that are challenging that invite critical reappraisals of taken for granted practices and perceptions and that provide appropriate links between theory and practice Issues related to equal opportunities and special needs are included in each separate volume There are boxes of questions think abouts further reading and bulleted summary lists for the reader This book is written specifically for teachers in training which will clarify the big picture of monitoring and assessment and makes the crucial distinctions in this large and still taken for granted field The authors have written widely on assessment matters and have also worked in various capacities for the QCA and its former manifestations They are also engaged in initial teacher education and so know the level and market extremely well
