Mention My Name In Atlantis:

Mention My Name in Atlantis John Jakes,2014-12-16 A courtesan for hire a brainless hunk and alien invaders combine to bring about ancient history s most momentous catastrophe in John Jakes s hilarious take on the fall of Atlantis For centuries the mystery of the lost continent of Atlantis has intrigued mortals everywhere Who lost it Where did it go At last the truth is out or at least the truth according to Hoptor the Vintner respectable Atlantean wine merchant and not so respectable pimp According to Hoptor the blame for Atlantis s destruction can be placed squarely on the incredibly broad shoulders of Conax the Chimerical a none too bright broadsword wielding barbarian chieftain Conax washed ashore just as Atlantis s ruler was losing his health and his grip on the kingdom creating chaos throughout the island Now things were really about to go south All of a sudden Hoptor had a lot more to worry about than how to silence the unrelenting nagging of Aphrodisia the beautiful strident prostitute he had promised to marry in a moment of weakness Now the ever resourceful vino loving procurer of female flesh was being called on to possibly save the world as well as his own skin which would prove to be no small feat with Conax mucking up everything he touched in his inimitable fashion And then there were those strange golden discs flying high above everybody s heads

Banis,2012-09-24 In this collection of shorter pieces Victor J Banis demonstrates once again the astonishing breadth of his talent covering virtually every facet of the human experience with astonishing brevity and clarity Here are pathos and heartache love and horror irony and humor especially humor dry and wry and roll on the floor clutching your sides funny It would be a hard man indeed who could read the adventures of his Underground Diner which take up much of the last half of the book and aptly skewer the ubiquitous and often pretentious food writing column without guffawing aloud

Ancient Greece and Rome in Modern Science Fiction Ross Clare,2022-11-24 Ancient Greece and

Rome in Modern Science Fiction introduces and analyses the reception of classical antiquity in contemporary science fiction. By using up to date methods from classical reception theory, science fiction analysis and fictional world studies, the book will help furnish the reader's understanding of the ways in which the literature, culture, history and mythology of ancient Greece and Rome are appropriated and represented across multiple media platforms in the science fiction genre today. The book will therefore serve as an entry point into several areas of study: the reception of classics in popular culture; antiquity in modern media; the uses of the ancient world in science fiction; and broader science fiction criticism. The chapters, structured by medium, principally offer a roughly chronological overview of that medium and its treatment of ancient history, mythology, literature and culture. An abundance of case studies from literature, film and television and videogames, including *Star Trek*, *Battlestar Galactica*, *Fallout*, *New Vegas*, the *Mass Effect* franchise and *Assassin's Creed*, show how classical antiquity is reused, encountered, re-encountered by creators and consumers of the present, how we bounce off it and it bounces off us, and how this reciprocation creates new visions of Greece and of Rome.
