Sense of Place in Contemporary Cinema Corinne Maury, 2022-10-04 What purpose does place serve in films When it is not just a background to actions or indistinguishable from the landscape or a simple space to walk through a kind of neutral territory Such filmmakers as Chantal Akerman Lisandro Alonso Pedro Costa Bruno Dumont Bela Tarr Avi Mograbi Tariq Tegua Philippe Grandrieux Daniele Huillet Jean Marie Straub and Sharunas Bartas chose not to focus solely the cinematic narration on the fate of the characters They showed telluric spatialities inhabited territories existential matrices where ways of doing and of living were mobilized where forces of emancipation and existential weaknesses were carried out Welcoming rooms remarkable transitions havens for individual and communal destinies place in cinema sometimes implies the insecurity of an unfinished project sometimes the solidity of fortifications The Sense of Place in Cinema demonstrates the importance of place and its aesthetic potentialities in film
