 in their classroom Big Data John Storm Pedersen, Adrian Wilkinson, 2019 Promise Application and Pitfalls *Cracking*  
*the code* UNESCO, 2017-09-04 This report aims to crack the code by deciphering the factors that hinder and facilitate girls  
 and women s participation achievement and continuation in science technology engineering and mathematics STEM  
 education and in particular what the education sector can do to promote girls and women s interest in and engagement with  
 STEM education and ultimately STEM careers Empowering Novice Academics for Student Success Dr Johann  
 Hugo, 2021-04-26 This book is essential for academics that enter the field of higher education and training as it focuses on  
 preparing teachers and trainers to respond appropriately to student success challenges Student success is a burning issue  
 both globally and locally While student achievement is determined by a combination of factors teachers and their teaching  
 practices do matter Higher education teachers are expected to fulfil different roles at different times such as planning for  
 curriculum implementation mentorship and coaching facilitating learning resource development and student assessment  
 Against this background the primary purpose of Empowering novice academics for student success Wearing different hats is  
 building the capacity of novice teachers and trainers to play an influential role in increasing student success throughput
