Joel Sternfeld American Prospects Joel Sternfeld:

Joel Sternfeld Kerry Brougher, Andy Grundberg, 2019-12-12 **Joel Sternfeld** Joel Sternfeld, 2020-01-21 First published in 1987 to critical acclaim the seminal *American Prospects* has been likened to Walker Evans *American Photographs* and Robert Frank's *The Americans* in both its ability to visually summarize the zeitgeist of a decade and to influence the course of photography following its publication This definitive edition of *American Prospects* contains twelve new pictures most of which have neither been published nor exhibited Freed from the size constraints of previous editions Sternfeld includes portraits and portraits in the landscape which elucidate the human condition in America The result is a more complex and rounded view of American society that strongly anticipates Sternfeld's *Stranger Passing* series 1985-2000 and links the two bodies of work If the contamination of paradise has often been Sternfeld's subject he has likewise tainted the purity of photography in order to capture the condition of America His shift from spontaneous snapshot to predetermined picture making helped open the gates for a new type of photography now practiced by Gregory Crewdson Rineke Dijkstra Andreas Gursky Thomas Ruff Thomas Struth and Jeff Wall among many others Kerry Brougher former chief curator of the Hirshhorn Museum and Sculpture Garden *American Prospects*, 2024-09-26 The creation of Joel Sternfeld's seminal *American Prospects* is firmly embedded in the history of the photobook In late August 1978 Sternfeld left New York City and headed out into the American landscape At the time he thought he would follow the seasons for a year but with the help of two Guggenheim Fellowships and a National Endowment for the Arts Fellowship his journey lasted six years Sternfeld recalled at the time that the pictures he made were the efforts of someone who grew up with a vision of classical regional America and the order it seemed to contain to find beauty and harmony in an increasingly uniform technological and disturbing America Working at the pace of two 8 x 10 negatives a day and not seeing results for several months he story boarded at night in his Volkswagen camper This new edition of *American Prospects* at 42 x 35 cm is larger than all past editions and conceived to make small details in the frame easier to see Sternfeld thus facilitates a deeper understanding of the complex prospects he aimed to photograph prospects in the sense of high up pulled back views but more importantly the prospects of America moving forward The pandemic years gave Sternfeld a chance to re-visit all the negatives in his studio and this edition contains some of these as yet unpublished discoveries Little did I know that many of the aspects of the so called Reagan Revolution the union busting the erosion of the quality of life of the middle class and the even less privileged a turning to the right altogether would continue unbroken to the present says Sternfeld This edition may reflect this understanding

American Prospects Joel Sternfeld, 2012 *American Prospects* Anne Tucker, 1987 **American Prospects (2023)** Joel Sternfeld, 2023-10-10 The definitive edition of Joel Sternfeld's seminal *American Prospects* featuring new photographs and a revised format and cover First published in 1987 to critical acclaim the seminal *American Prospects* has been likened to Walker Evans *American Photographs* and Robert Frank's *The Americans* in both its ability to visually summarize the

zeitgeist of a decade and to influence the course of photography following its publication This definitive edition of American Prospects contains 12 new pictures most of which have neither been published nor exhibited Freed from the size constraints of previous editions Sternfeld includes portraits and portraits in the landscape that elucidate the human condition in America The result is a more complex and rounded view of American society that strongly anticipates Sternfeld's Stranger Passing series 1985 2000 and links the two bodies of work A major figure in the photography world Joel Sternfeld was born in New York City in 1944 He has received numerous awards including two Guggenheim fellowships a Prix de Rome and the Citibank Photography Award Sternfeld's books published by Steidl include American Prospects 2003 Sweet Earth 2006 Oxbow Archive 2008 First Pictures 2012 and Landscape as Longing 2016 with Frank Gohlke *American Prospects*, 1994-03-01 First published in 1987 to widespread critical acclaim and hailed by People magazine as one of the ten best books of the 1980s Joel Sternfeld's startling visual chronicle is at once funny and despairing calmly beautiful and grim Sternfeld may be America's greatest fineart color photographer and here his luxuriant landscapes are full of sly surprises and deadpan wit a renegade elephant lies exhausted on a road beached whales daintily punctuate a majestic seascape a fireman buys pumpkins while a house burns behind him Now published in an exquisite paper bound edition with a new preface these pictures carry even more weight than when they were first seen they have the poignance and resonance of an America uneasy about its past and uncertain of its future *American Prospects* Joel Sternfeld, 1987 *American Prospects*, 1989 **American prospects; photographs by Joël Sternfeld; introduction by Andy Grundberg; afterword by Anne W. Tucker** J. Sternfeld, 1987

Joel Sternfeld: Nags Head, 2024-06-03 Sternfeld's candid images of an Outer Banks summer which went on to inform his seminal work American Prospects In the summer of 1975 facing surgery with the potential of paralysis a young Joel Sternfeld went off in search of a last idyll and found it in Nags Head on North Carolina's Outer Banks From June to August he captured the beach town floating in time a sense of spatial and temporal fluidity Sternfeld's images show beachgoers of all ages enjoying scenes of leisure and partying in what became his first body of work addressing a season Yet this summer sojourn was tragically broken by the news of the death of his brother Sternfeld returned to New York never to go back to Nags Head Eventually he began working again and one day ventured to Rockaway Beach Queens Here he took a picture in which all at once the ugly scene appeared beautiful to me the hues of sand apartments and sky fuse into a cohesive whole This photo with its conceptual roots in Nags Head would lead to the color structures of Sternfeld's magnum opus American Prospects his ambitious realization of what he had always wanted to do follow the seasons across America A major figure in the photography world for nearly five decades Joel Sternfeld was born in New York City in 1944 He has received numerous awards including two Guggenheim fellowships a Prix de Rome and the Citibank Photography Award Sternfeld holds the Nobel Foundation Chair in Art and Cultural History at Sarah Lawrence College *Stranger Passing* Joel Sternfeld, Douglas Robert Nickel, Ian Frazier, 2012 Over a period of fifteen years Joel Sternfeld travelled across America and took portrait

photographs that form in Douglas R Nickel's words an intelligent unscientific interpretive sampling of what Americans looked like at the century's end Unlike historical portraits which represent significant people in staged surroundings Sternfeld's subjects are uncannily normal a banker having an evening meal a teenager collecting shopping carts in a parking lot a homeless man holding his bedding Using August Sander's classic photograph of three peasants on their way to a dance as a starting point Sternfeld employed a conceptual strategy that amounts to a new theory of the portrait which might be termed The Circumstantial Portrait What happens when we encounter the other in the mist of a circumstance What presumptions if any are valid What if anything can be known of the other from a photographic portrait **Stranger passing**, 2001 **Joel Sternfeld: Oxbow Archive**, 2024-02-06

In 1836 the landscape painter and conservationist Thomas Cole completed View from Mount Holyoke Northampton Massachusetts after a Thunderstorm The Oxbow his iconic painting of the Connecticut River where it bends like an ox yoke Nearly 200 years later Joel Sternfeld walked into the field depicted in the lower right quadrant of Cole's painting which he had first photographed in 1978 while traveling for his seminal American Prospects series and began making almost daily photographs By 2006 the oxbow in the river was crossed by an interstate highway and the destructive effects of progress which Cole had so feared were making themselves apparent globally as climate change This volume collects 77 of the quietly haunting photographs that Sternfeld made over the next year and a half His choice of subject matter a flat unremarkable corn and potato field signals a conceptual stance away from previous nature depictions His field is neither beautiful nor sublime nor picturesque Its flatness offers an eloquent emptiness as well as a vessel for the true subject of this work the effects of human consumption upon the natural world Following Sternfeld's Sweet Earth Experimental Utopias in America and When It Changed this volume resounds with political and cultural implications

Walking the High Line Joel Sternfeld, Adam Gopnik, John R. Stilgoe, 2009 This is the first book of Sternfeld's largely unseen early colour photographs In 1969 Sternfeld began working with a 35 mm camera and Kodachrome film and First Pictures contains works from this time until 1980 Here Sternfeld develops traits that appear in his mature work irony a politicised view of America concern for the social condition But there are also pictures that bear little relation to his later work colour arrangements that parallel those of Eggleston as well as street photography which Sternfeld ceased making in 1976 The photographs in First Pictures were made at a time when colour photography was struggling to assert itself against the authoritative black and white tradition making this book a revelation both in Sternfeld's oeuvre and in the history of contemporary photography **Seizing the Light: A Social History of Photography** Robert Hirsch, 2009 Contains images and commentary by hundreds of international artists

American Photo, 2002-01 **Photographs October 17/18 2003** New York Phillips New York (Auctioneers : 2001), 2003 **Nic Nicosia** Nic Nicosia, Philipp Meyer, Sue Graze, 2012-10-15 Photographer and filmmaker Nic Nicosia makes pictures Since the late 1970s Nicosia has staged and constructed sets objects and situations to be photographed rather than to reproduce something that already exists These conceptual

fabrications have ranged from elaborate sets with live actors to dioramas and abstract constructions Whether his pictures contain a disturbing suburban narrative or are fabricated by the act of drawing or are simply created by the use of common objects with dramatic lighting the familiar thread of Nicosia's unique vision and sensibility is always present Nic Nicosia is the first major publication of the artist's work and covers his entire oeuvre through 2011 The catalog presents images from all of Nicosia's major photographic series including Domestic Dramas Near modern Disasters The Cast Life as We Know It Real Pictures Love Lust Acts Sex Acts Untitled Landscapes 365 SaFe Days Untitled drawing Space Time Light I See Light and in the absence of others as well as stills from the videos Middletown Moving Picture Middletown Morning Cerchi E Quadratti On Acting America and 9 1 2 Hours to SaFe Accompanying the catalog is an overview of Nicosia's career by Michelle White an interview with the artist by Sue Graze and an original short story by Philipp Meyer that powerfully resonates with the sense of wonder and menace in Nicosia's art

Hermeneutik des Gesichts Uwe Fleckner, Titia Hensel, 2016-04-11 Das Porträt ist seit seinen Anfängen und bis in die Kunst der unmittelbaren Gegenwart hinein als eine Kunstform der Widersprüche zu charakterisieren Vor die Aufgabe gestellt mit dem individuellen Menschen und seiner Charakterisierung einen strikt vorgegebenen Gegenstand zu erfassen und zugleich ein Kunstwerk eigenen Rechts zu gestalten sehen sich sämtliche Bildnisformen einem ästhetischen Konflikt ausgesetzt dessen Lösungen denkbar stark zwischen naturnaher Wiedergabe und weitgehend abstrakter Werkerfindung oszillieren Der vorliegende Band widmet sich der Gattung des Porträts medienbergreifend und in seiner gesamten thematischen Bandbreite Von der Erkundung des Individuums im Bildnis über die politische Funktion der Gattung von der Stilisierung des Menschen zu Maske Rolle und Typus bis hin zu den Inszenierungsstrategien des Künstlers im Selbstporträt reichen die gattungstheoretisch angelegten Fallbeispiele internationaler Autoren
