## **Ladies Who Ride Motorcycles:**

The MotoLady's Book of Women Who Ride Alicia Mariah Elfving, 2021-05-18 Written and curated by Alicia Mariah Elfving founder of TheMotoLady.com and the Women's Motorcycle Show and arguably the most notable advocate for women in the motorcycling hobby. The MotoLady's Book of Women Who Ride subverts all the tired women and motorcycle tropes offering the true stories of the women past and present who ride and wrench as well as anyone proving every bit as indispensable to maintaining and growing a positive motorcycling culture. Historically, depictions of women in motorcycle culture tend to objectify from the outlaw motorcycle club biker babe to cheesecake photography to posturing celebrities with motorcycles as props. The truth is much different. From the early days of motorcycle culture more than 100 years ago, women have played a central role in making the motorcycle a legitimate form of transportation, recreation, and motorsport. Elfving presents more than 70 figures in the motorcycle world from the Americas to Europe and even the Middle East and South Asia: stunt riders, racers, builders, customizers, organizers, and more. Elfving links today's women motorcyclists with those of the past and illustrates the freedom represented by two wheels and how motorcycles allow women to transcend cultural expectations confidently. You'll meet riders such as Sofi Tsingos who raises money for charities by building and auctioning motorcycles; Safety ambassador Brittany Morrow who found her calling after surviving a high-speed crash with no gear; The Van Buren sisters who in 1916 were among the first motorcyclists to ride coast to coast and the first women to ride to the summit of Pikes Peak; The late Jessi Combs, an iconic TV personality, metal fabricator, and land speed record holder. Overwhelmingly positive, Elfving instills confidence and can do rather than providing an echo chamber of common complaints among women in motorcycling. In addition, The MotoLady's Book of Women Who Ride is illustrated throughout with contemporary and historical photos of the author's subjects, comprising a beautiful as well as inspiring package.

*The Women's Guide to Motorcycling* Lynda Lahman, 2016-06-28 Recent statistics show that approximately 12 percent of motorcycle owners are women and that close to 25 percent of motorcycle riders are women. While it's still a male-dominated field, the number of female bikers has increased by more than 25 percent in just five years, showing that women have a strong presence on two wheels. In *The Women's Guide to Motorcycling*, author Lynda Lahman herself, a motorcycle owner and rider, provides a comprehensive look at motorcycling techniques, street smarts, and safety concerns while addressing female-specific challenges as well as issues that all bikers face from a female point of view. **INSIDE** *The Women's Guide to Motorcycling*: Anecdotes from female motorcycle enthusiasts, riders, and owners, including the author's own story; Women as a growing presence among riders, including notable names of the past and present; Motorcycle skills from basic to advanced, appropriate for bikers of all levels of experience and expertise; The physical and mental aspects of riding; Considerations for choosing a bike, such as seat height and weight distribution and female-appropriate gear; A primer on proper maintenance and dealing with mechanical problems; Different types of riding, such as sport racing, touring, long distance, and off-road; Getting more out

Winterhalder, Wil De Clercq, 2014-07-15 In *Biker Chicz The Attraction of Women to Motorcycles and Outlaw Bikers* the authors provide the reader with an intriguing snapshot of the culture through women who have an intimate knowledge of the lifestyle. Although many people question their motivation to be involved with a lifestyle that most people find frightening and repulsive to some women there is an attraction to the motorcycles and the outlaw bikers that permeate the culture. Publisher's note: *Biker Chicz The Attraction of Women to Motorcycles and Outlaw Bikers* is a condensed version of the previously published book entitled *Biker Chicks The Magnetic Attraction of Women to Bad Boys and Motorbikes* 2009 Allen Unwin which is no longer in print and was available only in Australia and New Zealand      **TwoWheelFemales. com - Guide for Beginning Women Motorcycle Riders**

Karen Boyd, 2010-03-23 This is a guide to everything a beginning female motorcycle rider needs to know to go from wannabe to motorcyclist with confidence. It is written by a woman for other women who want to join the sisterhood of motorcyclists      *Bikerlady* Sasha Mullins, 2003 Rev up the engines with this book about the powerful sexy and fearless women who love the open road and the motorcycles they ride. Color photos      **Gloria** Gloria Struck, 2018 Gloria Tramontin Struck rode a motorcycle for the very first time at age 16 in 1941. Women simply didn't ride motorcycles in 1941 but at the urging of her older brother a very reluctant Gloria gave it a try and it changed her life forever. She has been riding ever since and at age 92 still rides regularly and continues to participate in cross country rides. As you might expect any woman regularly riding a motorcycle in an era when women didn't ride motorcycles has a lot of stories to tell. In *Gloria Struck 75 years on Two Wheels and Still Riding* Gloria shares with you all of her favorite stories from back when she was being raised behind her father's motorcycle shop in Clifton NJ through 75 years of riding tales all the way to the present where she is rightfully celebrated at motorcycle rallies and events. Complementing her life and riding stories is an extensive scrapbook of photos over 100 of which are included in this autobiography. Also included are anecdotes provided by fans, friends and admirers. Of course Gloria's book and her stories are as much about overcoming prejudice and personal obstacles as it is about riding motorcycles. Because of that this book resonates with riders and non riders alike. The message is about more than riding it's about meeting and conquering life's challenges with courage and humor      **The Savvy Guide to Motorcycles**

Shirley Duglin Kennedy, 2005 Presents a history of motorcycles how they work how to become street legal the best types of motorcycles to buy and more      **Road Angels** Shirley Dicks, 2002-08 Motorcycling used to be known as only a man's sport but today things are different. Women have taken to the road in large numbers and for many different reasons. The old movies portrayed women with hardly any clothes on standing in front of a motorcycle following her boyfriends lead. With the wind whipping in their faces and the pavement just a few inches away it's a way of life for many. Women who do it say it's a freedom that you couldn't understand unless you're on a bike. *Road Angels* is about the women of this century and the motorcycles they ride. Read about Dot Robinson who set a standard for women motorcyclists. She proved that you could be a lady and still ride a motorcycle. She paved the way for women to ride motorcycles. The women of the

nineties can still be professional women doctors lawyers teachers engineers accountants clerks cashiers home makers mothers grandmothers and they can still step outside throw a leg over a bike and take off cross country Road Angels will take you across the United States and takes a look at the women who ride motorcycles and why Some of the stories will make you laugh and some will make you cry Learn how to pick a bike for yourself how to take care of it tips on riding in hot weather and cold weather Some of the women in this book share their dreams and the love of the road Some will tell their stories of embarrassing moments on the bike some spills taken and much more *Motorcycle Illustrated* ,1908 Motorcycling and Bicycling ,1919 **Automoblie Review and Automoblie News ...** ,1905 The Chrome Cowgirl Guide to the Motorcycle Life Sasha Mullins,2008-09-24 A girl s gotta have a passion why not a motorcycle Like a love letter from the wild side of life comes this book from chrome cowgirl Sasha Mullins A primer for women who ride or want to or might simply like to jumpstart their lives the book covers the ground in a way that s as entertaining as it is informative Whether it s how to ride what to do to your bike or what to wear Sasha has the advice What s more her bike savvy and street strategies pack powerful lessons offering a friendly word from the wisecracking on how to get the most out of life s wild ride From choosing maintaining and repairing a bike to honing your vocabulary and checking your attitude there s something here for every woman who ever dreamed of saddling up and becoming an easy rider in control of her destiny Motorcycling For Dummies Bill Kresnak,2011-04-20 A practical guide that gets you geared up with proper riding techniques safety gear indispensable items for long trips and handling characteristics of various motorcycle types Few activities offer more fun and excitement than motorcycling but to get the most out of it there s a lot you need to know and that s where this informative motorcycle guide written in plain English comes in From buying and maintaining a bike to riding safely to finding great places to ride Motorcycling For Dummies puts you on the road with savvy and style whether you re new to riding or an experienced motorcyclist You ll get plenty of help in selecting the right bike and step by step instructions on performing routine maintenance tasks You ll also find out how to develop safe riding habits and maybe most important of all you ll learn more about motorcycling organizations and how to fit in with the biker crowd Plus this hands on resource shows you advanced riding techniques offers travel tips for long distance rides and even helps you get your kids started in motorcycling Discover how to Buy a new or used bike Select safe tough riding gear from helmet and jacket to boots and pants Get proper training and learn essential riding skills Insure your bike Pass even the toughest licensing test Try your hand at cruising touring sports biking and more Get involved in motorcycle clubs and events Deal with dangers on the road Customize your bike to improve both style and performance This comprehensive guide concludes with a motorcycling glossary a guide to motorcycling laws by state and an appendix with plenty of online resources Complete with lists of can t miss biking events legendary motorcyclists and must see motorcycling movies Motorcycling For Dummies gives a whole new meaning to the term easy rider **The Complete Idiot's Guide to Motorcycles, 5th Edition** Motorcyclist Magazine,John
