*I'm 30 Now What: A Woman's Guide To Living A Life Of Choice* Ky-Lee Hanson, 2017-11-02 I'm 30 Now What is a discovery through the perception of women born between 1977-1987 At the time of writing this book we are in our thirties There is something about our generation that never quite fit in a traditional sense Our authors are from or have lived in Canada USA Turkey Germany Barcelona and Europe yet there is a common feeling of displacement across the globe within our lost generation We were the first generation to have vast choices around education career and our role in the household

We were able to stumble off the traditional path and survive We were raised in a very transitional phase from single to dual income households and grew up during the rise of broken homes We saw war for its true colors an industry and not an act of freedom the creation of the internet and watching it burst followed by an economic banking and housing crash We also saw positive change rapid gentrification spirituality equal rights gay rights and same sex marriage the everyday feminist and females running the workplace male nurses stay at home dads and moms to mompreneurs to childless women by choice finding commonalities outside of mommyhood As adults we view diversity and open mindedness as our way of life We didn't start all these trends but we are the outcome We were born to be a generation of change a generation of options Maybe instead of being the lost generation we were the born Choice Makers Yet we don't fully own this We CAN choose a life outside of a cookie cutter mold and we have the right to be unapologetic when doing so This book is a heavy controversial eye opener while being a tool for healing growth owning your power and embracing choice **Living Two Lives** Joanne Fleisher, 2005 A guide for married women awakening to their attraction to other women **Women's Issues for a New Generation** Gail Ukockis, 2016-05-13 This introductory text on women's issues includes both U.S. and global issues thus motivating students to see the bigger picture Written in an engaging style that stresses compelling stories over dry facts this book will stimulate class discussion Including men in the discussion of gender equality is also emphasized *The Medical Critic and Guide* William Josephus Robinson, 1915 **The Columbia Guide to the Literatures of Eastern Europe Since 1945** Harold B.
