Israel have successfully steered the relationship forward despite the baggage of fraught and convulsive neighbourhoods. The contributors to this volume include policy makers and military leaders who played an important role in the growth of the relationship as well as academics who have closely followed its growth shedding important light on the transformation of the India Israel bilateral relationship into a strategic partnership over the course of past tumultuous 25 years. Chapters highlight Israel's increasing engagement with India's diverse federal polity, the de-hyphenation of the India Israel ties from India's relationship with Palestine as well as the role played by US non-state pro-Israel US-based interest groups and sub-state US Congressmen actors in shaping India Israel ties. The concluding chapter examines Israel's relationship with the People's Republic of China (PRC) given that both the PRC and India established diplomatic ties with Israel almost simultaneously. India and Israel will be of great interest to scholars of strategic studies, international relations, Middle Eastern Studies, Asian Studies as well as those working in diplomacy, government and the military. The chapters were originally published as a special issue of *Strategic Analysis*.

Taken together these three volumes create a comprehensive picture of the evolution of identities of Muslims in the Indian subcontinent. With these varied approaches to the subject brought together in the form of the Omnibus the readers will benefit from the range of perspectives it offers.
