**So, You Want to Become a National Board Certified Teacher** Jerry L. Parks Ed.S. NBCT, 2012-08-02 After much success in its original format, *So You Want to Become a National Board Certified Teacher Workbook Evidence Manual Revised Expanded QR Coded Edition* provides for candidates an interactive opportunity to listen to the author elaborate and explain numerous helpful activities described in the original workbook. Also included in the new edition is a chapter dedicated to the NBPTS Renewal process. Becoming a National Board Certified Teacher is the highest achievement in the teaching profession. It also has to be one of the most rewarding. While there are numerous guides to help NBPTS candidates prepare portfolios, candidates will find limited affordable published assistance which actually allows organization and allows practice of what the process entails. *So You Want to Become a National Board Certified Teacher Workbook Evidence Manual Revised Expanded QR Coded Edition* was written to address just such a need. This workbook is designed to be used alongside the author's national bestselling companion guide *So You Want to Become a National Board Certified Teacher* in either an individual or group workshop setting. In addition to the newly added QR codes, the workbook contains numerous worktables utilizing vital elements of NBPTS writing. Using this workbook, the candidate will dissect, analyze, and apply the NBPTS Core Propositions to their own classroom, analyze and utilize the well-researched characteristics of Accomplished Teaching practice, the three writing forms required for NBPTS portfolios, annotate practice writing samples for accomplished writing features the NBPTS wants to see, help structure effective lesson plans, and Documented Accomplishment models based on NBPTS guidelines, utilize practice tests to assess knowledge of entry requirements, become familiar with and be offered assistance in the NBPTS Renewal process. Everything a candidate will need to be guided through the certification process is featured in this book.
