Hamas and Palestine Martin Kear, 2018-10-25 Hamas and Palestine The Contested Road to Statehood analyses the Palestinian Islamist movement Hamas between 2005 and 2017 The book expounds how Hamas has employed a dual resistance strategy consisting of political and armed resistance as a mechanism to achieve maintain and defend its continued political viability Hamas entered politics to transform the role of the Palestinian Authority from an administrative institution into one driving the Palestinian quest for independence To achieve this the analysis explains how Hamas implemented a process of soft Islamisation in Gaza This was intended to build the institutional capacity of the Authority based on the bureaucratisation and professionalisation of key institutions while selectively increasing the role of Islam in society The book provides a detailed explanation of key shifts in Hamas's political behaviour as it adapts to the vagaries and vicissitudes of governing Gaza despite the imposition of Israel's political and economic siege Employing the Inclusion Moderation

theoretical framework the book traces Hamas's transformation from a non state armed group into a legitimate actor in Palestinian politics The book's analysis also highlights the key role that Hamas's national liberation agenda has on shifting its behaviour towards adopting more moderate and inclusive policy stances Specifically the analysis demonstrates how Hamas has made measurable shifts in its political behaviour towards accepting the primacy of the two state solution and its dealings with Israel and the Peace Process The book provides a comprehensive assessment of Hamas's time in government and its capacity to deal with the vicissitudes of governing It is a valuable resource for students and researchers interested in the Israeli Palestinian conflict and Middle East Politics *Ward's Automotive Yearbook* ,1938 Includes advertising matter
