

National Honor Society Application Essay
Natalia Velasco

When I first received the letter inviting me to apply to the National Honor Society, my initial thoughts were of appreciation for the recognition of my hard work during this past academic year. To think of myself as a member of the NHS is an honor that could have a profound impact on my future. Over the past several years I have driven myself to become a much more motivated person. Along with achieving a grade average of 4.0 or higher, I have also motivated myself to start running, which has helped me to have the self-confidence to take a more active leadership role in encouraging others to live a healthier lifestyle. To be considered a member of this prestigious organization is both an honor and a challenge to continue to improve both my body and my mind as I embark upon the journey of a higher education.

Being chosen as a candidate for membership of the NHS has caused me to reflect on my personal achievements. With striving for academic excellence, I have gained personality traits that will be fitting for a member of the NHS. Intelligence is a common quality of members in the NHS, but traits of my personality such as being amiable, sensible, and diligent are also valued characteristics. Along with my personality, I will be contributing my talent as an athlete and my love for helping others. I have wanted to get more involved in my community. I know that being a member of the NHS will help me to contribute more in this area. I have learned that patience and perseverance are valued qualities in a leader. Also, when time management between school, track, and other responsibilities that have weighed heavily on me I have been able to prioritize and do my best in everything I do.

There are many ways one may contribute to their society. Some people may use their intelligence in order to advance society; some may lead the country to a better future; some may make the world a better place just by being in it; and some may volunteer their time to help others. It is difficult to find one person who possesses and contributes all of these qualities, but I am sure that I do. Because the standards for entrance into the National Honor Society are scholarship, leadership, character, and service, I believe that I am more than qualified for entrance into an organization as prestigious as the National Honor Society. Throughout my years as a Wakeland Highschool student, I believe that I have demonstrated all of these attributes.
