Les Confessions De Saint Augustin:

St. Augustin's Confessions; Saint Augustine (of Hippo), 1869 **Les confessions de Saint Augustin** Saint Augustine (of Hippo), 1861 **Les confessions de saint Augustin** , 1827 **Les confessions de saint Augustin, traduites par le R. P. de Ceriziers...** Augustin, 1679 Confessions of Saint Augustine Illustrated by Saint Augustin Saint Augustine, 2021-11-10

Confessions Latin Confessiones is an autobiographical work by Saint Augustine of Hippo consisting of 13 books written in Latin between AD 397 and 400. The work outlines Saint Augustine's sinful youth and his conversion to Christianity. Modern English translations of it are sometimes published under the title *The Confessions of Saint Augustine* in order to distinguish the book from other books with similar titles. Its original title was *Confessions in Thirteen Books* and it was composed to be read out loud with each book being a complete unit. Confessions is generally considered one of Augustine's most important texts. It is widely seen as the first Western Christian autobiography ever written. Ovid had invented the genre at the start of the first century AD with his *Tristia* and was an influential model for Christian writers throughout the Middle Ages. Professor Henry Chadwick wrote that Confessions will always rank among the great masterpieces of western literature. The work is not a complete autobiography as it was written during Saint Augustine's early 40s and he lived long afterwards producing another important work *The City of God*. Nonetheless it does provide an unbroken record of his development of thought and is the most complete record of any single person from the 4th and 5th centuries. It is a significant theological work featuring spiritual meditations and insights. In the work Augustine writes about how he regrets having led a sinful and immoral life. He discusses his regrets for following the Manichaean religion and believing in astrology. He writes about his friend Nebridius's role in helping to persuade him that astrology was not only incorrect but evil and Saint Ambrose's role in his conversion to Christianity. The first nine books are autobiographical and the last four are commentary and significantly more philosophical. He shows intense sorrow for his sexual sins and writes on the importance of sexual morality. The books were written as prayers to God, thus the title based on the Psalms of David and it begins with "For Thou hast made us for Thyself and our hearts are restless till they rest in Thee". The work is thought to be divisible into books which symbolize various aspects of the Trinity and trinitarian belief.
