Les Aventures De Tchiquito Tome:

The French Film Musical Phil Powrie, Marie Cadalanu, 2020-09-17 Like many national cinemas the French cinema has a rich tradition of film musicals beginning with the advent of sound to the present This is the first book to chart the development of the French film musical The French film musical is remarkable for its breadth and variety since the 1930s although it flirts with the Hollywood musical in the 1930s and again in the 1950s it has very distinctive forms rooted in the traditions of French chanson Defining it broadly as films attracting audiences principally because of musical performances often by well known singers Phil Powrie and Marie Cadalanu show how the genre absorbs two very different traditions with the advent of sound European operetta and French chanson inflected by American jazz 1930 1950 As the genre matures operetta develops into big budget spectacles with popular tenors and revue films also showcase major singers in this period 1940 1960 Both sub genres collapse with the advent of rock n roll leading to a period of experimentation during the New Wave 1960 1990 The contemporary period since 1995 renews the genre returning nostalgically both to the genre's origins in the 1930s and to the musicals of Jacques Demy but also hybridising with other genres such as the biopic and the documentary **Tintin** Michael Farr, 2002 Explores the sources in real life of all the Tintin adventures **El-Hi Textbooks in Print**, 1974 Schwann Spectrum, 2001 **Catalog of Copyright Entries** Library of Congress.
