equality commission to which victims of discrimination can apply The existing legislation contains no effective and accessible means of judicial remedies or compensation Therefore many discriminatory practices are not reported to school administrations The entire education system is based on Turkishness Non Turkish groups are either not referred to or referred in a negative way says Kaya Education system has played a significant role in deepening conflict in society The positive representation of other groups in the education system would contribute to social peace and harmony In order to resolve the many problems in the education system that the current approach causes the overall aim of government education policy should be cleared of ideological references and the protection of children s best interests and the right to education in line with international standards should be considered its fundamental goal says the report     The Central Provinces Gazette Central Provinces (India),1911     *School* ,1920     The Living Church ,1958     **The Annual Index to The Times** ,1912     **Kids Count New Jersey ...** ,2016     *The Oil & Colour Trades Journal* ,1914     **The School Executive** ,1925
