Mens Clothing Style Guide:

Men's Style Russell Smith, 2009-02-24 Men's Style is a personal and knowledgeable compendium of tasteful advice for the thinking man on how to dress and shop for clothes in a world of conflicting fashion imperatives. This sophisticated and witty book by the popular Globe and Mail columnist combines nuggets of history and the sociology of masculine attire with a practical and supremely useful guide to achieving an elegant and affordable wardrobe for work and play. In chapters and amusing sidebars on shoes, suits, shirts and ties, formal and casual wear, underwear and swimsuits, cufflinks and watches, coats, hats and scarves, Russell Smith steers a confident course between the hazards of blandness and vulgarity to articulate a philosophy of dress that can take you anywhere. He tells you what the rules are for looking the part at the office, a formal function or the hippest party, and when you can toss those rules aside. Men's Style is supplemented throughout with fifty black and white illustrations and diagrams by illustrator Edwin Fotheringham. Details Men's Style Manual Daniel Peres, Editors of Details magazine, 2007-10-18 At last, a sophisticated wardrobe guide for men from a respected authority. Details magazine offering head-to-toe advice for choosing the right look, the right fit and the right style for every situation, from boardroom pitches to casual Saturday nights. Each month Details magazine keeps hundreds of thousands of men up-to-date on the most current trends and tips for looking sharp. Now the editors of these award-winning pages give every man the wardrobe wisdom he needs in order to reach both his professional and personal goals. Making sense out of the shifting protocols in menswear, Details Men's Style Manual offers a sleek lifeline including: How to dress an item up or down. Full color illustrations of dozens of outfits with complete explanations of what works and why. A piece-by-piece evaluation of everything from button-down shirts and every type of jacket to shoes, suits, ties and more. Commentary from icons of contemporary male style. How to choose the best clothes for your shape. A man's wardrobe is one of his single most valuable assets, conveying the image he presents to the world. Infusing style with eye-catching design, this refreshing guide blows the dust off staid rulebooks and delivers a thoroughly contemporary individual look for each reader. Produced by the same team as the smash success *The Lucky Shopping Manual*, Details Men's Style Manual will be on the wish list of every man who's ready for a confident new sense of style. *The Classic Menswear* Maximo Gallentine, 2021-07-30 There are enough rules in life as it is. Some, however, are there to help. Like the rules that govern how to dress well. Of course, every man or woman that has an opinion on such things speaks from personal experience, and no doubt what works for one doesn't always work for another, or what works for one is considered too pedestrian or too avant-garde by another. So when it comes to dressing, they always have to be taken at face value. They're solid suggestions rather than the last word on style. But good advice is never to be sniffed at, and as menswear becomes ever more rich and varied, ever more experimental and abundant, trend-aware in moments of confusion and self-doubt, it can help to have a valuable fall-back position that cuts through the clutter. This highly illustrated book brings you detailed information on every aspect of a man's wardrobe. You will find useful advice on fabrics
