Beyond a Growth Mindset School Chris Hildrew, 2025-11-04 Beyond a Growth Mindset School revisits Chris Hildrew's bestselling book examining the central tenets of mindset theory in light of new research and how they apply to schools today. It explores the theories which underpin a growth mindset ethos and offers step by step guidance for school leaders to build an approach to teaching and learning that will encourage children to embrace challenges persist in the face of setback and see effort as the path to mastery. The book isn't about quick fixes or miracle cures but an evidence based transformation of the way we think and talk about teaching leading and learning. Drawing upon his own extensive experience and underpinned by the groundbreaking scholarship of Carol Dweck, Angela Duckworth and others, this fully updated new edition navigates the difficulties, practicalities and opportunities presented by implementing a growth mindset as follows: Forming a growth mindset curriculum; Launching a growth mindset with staff; Marking, assessing and giving feedback with a growth mindset; Growth mindset misconceptions and potential mistakes; Family involvement with a growth mindset; The impact of technology on attitudes and approaches to learning; Keeping a growth mindset when the system is fixed. Innovative and accessibly written, this thoroughly researched guide shows how a growth mindset ethos benefits the whole school community from its students and teachers to parents and governors and is a valuable resource for all educational leaders and practitioners.

**From Able to Remarkable** Robert Massey, 2019-10-04 In *From Able to Remarkable* Help your students become expert learners. Robert Massey provides a pathway to help teachers guide their students through the gauntlets of the gifted, the underpasses of underachievement and the roadblocks to remarkable on their learning journeys. What makes remarkable students remarkable? Attributes such as resilience, curiosity and intelligence may come to mind and we might also add others such as intuition and tenacity. But what has helped make them what they are? Were they born this way or did their remarkabilities emerge during their schooling? Such questions may make teachers feel uneasy, prompting them to reflect on the sometimes limiting scope of what is often labelled as gifted and talented provision in their school. Robert Massey argues however that these remarkabilities are there, latent and dormant in many more students than we might at first acknowledge. In *From Able to Remarkable* Robert shares a rich variety of practical, cross-curricular strategies designed to help teachers unearth and nurture these capabilities and signpost a route to the top for every learner. Informed by educational research and evidence from the field of cognitive science, the book talks teachers through a wide range of effective teaching and learning techniques, all of which are appropriate for use with all pupils and not only with top sets or high attainers. Robert also shares ideas on how teachers can improve their students' abilities to receive, respond to and then deliver feedback on both their own work and that of others. To complement the feedback process, he presents practical methods to help teachers make questioning, self-review and greater student ownership of their

questioning within lessons a staple of day to day classroom interaction Venturing beyond the classroom the book also explores approaches to whole school provision for high attaining students and offers some robust stretch and challenge to educational leaders in considering what widespread excellence in education might look like Suitable for teachers and gifted and talented coordinators in both primary and secondary schools
