Food Pedagogies Rick Flowers, Elaine Swan, 2016-04-22 In recent years everyone from politicians to celebrity chefs has been proselytizing about how we should grow buy prepare present cook taste eat and dispose of food In light of this contributors to this book argue that food has become the target of intensified pedagogical activity across a range of domains including schools supermarkets families advertising and TV media Illustrated with a range of empirical studies this edited and interdisciplinary volume the first book on food pedagogies develops innovative and theoretical perspectives to problematize the practices of teaching and learning about food While many different pedagogues policy makers churches activists health educators schools tourist agencies chefs think we do not know enough about food and what to do with it the aims effects and politics of these pedagogies has been much less studied Drawing on a range of international studies diverse contexts genres and different methods this book provides new sites of investigation and lines of inquiry As a result of its broad ranging critical evaluation of food as classroom and food as teacher it provides theoretical resources for opening up the concept of pedagogy and assessing the moralities and politics of teaching and learning about food in the classroom and beyond

True North B.J. Epstein, 2014-06-02 *True North* Literary Translation in the Nordic Countries is the first book to focus solely on literary translation from to and between the Nordic tongues The book is divided into three main sections These are novels children's literature and other genres encompassing drama crime fiction sagas cookbooks and music although naturally there are connections and overlapping themes between the sections Halldór Laxness Virginia Woolf Selma Lagerlöf Astrid Lindgren Mark Twain Henrik Ibsen Henning Mankell Janis Joplin and Jamie Oliver are just some of the authors analysed Topics examined include particular translatorial challenges translating for specific audiences or influencing audiences through translation re translation the functions of translated texts the ways in which translation can change a genre the creation of identity through translation and more As is clear from this list many of the theories proposed and findings discussed here are also relevant to the wider field of translation studies as well as to literary studies more generally It is time for the world's growing Nordicmania to influence the field of translation studies and for translation to take its place as a relevant and essential issue in our understanding of the Northern countries The varied chapters in this book will contribute to these stimulating and critical conversations
