Mona Baker Robinson offers a series of friendly amendments to both looking closely at specific translation histories Alex Matson to and from Finnish two English translations of Dostoevsky as well as theoretical models from Aristotle to Peirce to expand the range and power of these concepts In addition to translation and interpreting scholars this book will be of interest to scholars of communication and social interaction *Secret Spaces, Forbidden Places* Fran Lloyd, Catherine O'Brien, 2000 In this highly original approach to the study of the construction of culture this collection of previously unpublished essays explore the topography of the secret and the forbidden focusing on specific moments in recent cultural and political history By bringing together writers from different disciplines and different locations this volume provides a rich and diverse mapping of how the secret and forbidden operate across different subjects and different geographies extending far beyond physical locations It is present in domains ranging from language literature and cinema to social and political life This refreshing and thought provoking collection of essays will prove invaluable for researchers and students *Parnasso* ,1999 The Values of Literary Studies Rónán McDonald, 2015-11-24 In The Values of Literary Studies Critical Institutions Scholarly Agendas leading scholars illuminate the purpose and priorities of literary criticism **Runot** Hannu Salama, 1975 Filmihullu ,1991
