Donald Ragsdale, 2009-01-14 In *American Museums and the Persuasive Impulse* Professor Ragsdale assesses American museums as means of visual persuasion. He demonstrates that museums, their contents, and their manners of display are capable of influencing visitors as speeches or advertisements and that an awareness of their social influence provides an insight into the cultural roles of museums. The book considers a diverse array of museums ranging from such national cultural icons as the Metropolitan Museum of Art and the Art Institute to such city museums as the Philadelphia Museum of Art and the Los Angeles County Museum of Art and includes separate chapters on museums devoted to modern and contemporary art and to the specialized collections of individual connoisseurs. In addition to these primarily art museums, Professor Ragsdale assesses museums devoted to collections such as the National Air and Space Museum and to commemoration and remembrance such as the National World War II Museum and the US Holocaust Memorial Museum. *American Museums and the Persuasive Impulse* makes an important contribution to the theory of persuasion and to visual communication, art history, and museology. It utilizes a theory of visual signs based on the semiotic theory of C. S. Peirce. In so doing, it demonstrates that museum buildings, the art and other objects contained within them, and the spaces used for display may all be thought of in terms of means of social influence.

A Companion to Feminist Art Hilary Robinson, Maria Elena Buszek, 2019-10-22 Original essays offering fresh ideas and global perspectives on contemporary feminist art. The term feminist art is often misused when viewed as a codification within the discipline of Art History, a codification that includes restrictive definitions of geography, chronology, style, materials, influence, and other definitions inherent to Art Historical and museological classifications. Employing a different approach, *A Companion to Feminist Art* defines art as a dynamic set of material and theoretical practices in the realm of culture and feminism as an equally dynamic set of activist and theoretical practices in the realm of politics. Feminist art, therefore, is not a simple classification of a type of art but rather the space where feminist politics and the domain of art making intersect. The Companion provides readers with an overview of the developments, concepts, trends, influences, and activities within the space of contemporary feminist art in different locations, ways of making, and ways of thinking. Newly commissioned essays focus on the recent history of and current discussions within feminist art. Diverse in scope and style, these contributions range from essays on the questions and challenges of large sectors of artists such as configurations of feminism and gender in post-Cold War Europe to more focused conversations with women artists on Afropean decoloniality. Ranging from discussions of essentialism and feminist aesthetics to examinations of political activism and curatorial practice, the Companion informs and questions readers, introduces new concepts and fresh perspectives, and illustrates just how much more there is to discover within the realm of feminist art. Addresses the intersection between feminist thinking and major theories that have influenced art theory. Incorporates diverse voices from around the world to offer viewpoints on global feminisms from scholars who live and work in the regions about which they write. Examines how feminist art intersects with considerations of collectivity, war, maternal relationships, desire, men, and

relational aesthetics Explores the myriad ways in which the experience of inhabiting and perceiving aged raced and gendered bodies relates to feminist politics in the art world Discusses a range practices in feminism such as activism language education and different ways of making art The intersection of feminist art making and feminist politics are not merely components of a unified whole they sometimes diverge and divide A Companion to Feminist Art is an indispensable resource for artists critics scholars curators and anyone seeking greater strength on the subject through informed critique and debate **California Tourist Guide and Handbook** Wells Drury,Aubrey Drury,1913 A Guide to Art Museums in the United States Erwin Ottomar Christensen,1968 **Bibliographic Guide to Art and Architecture** New York Public Library.
