

From the safety of the raft you watch the nearby desert island and you all decide to start in that direction. Halfway there you notice that the raft is overloaded as more and more water begins to lap over the sides and slosh around the raft floor. You realize you need to get rid of some weight. You have 5 minutes to decide what 3 items you'll throw overboard.

Round 3

You're getting close to the island and shallower waters but suddenly a fin pops out of the water and a massive shark starts circling your raft. The shark begins butting against the raft threatening to sink your entire group. In desperation someone suggests throwing things at the shark. **HURRY!** You have 2 minutes to decide what 3 items you'll throw at the shark.

Congrats! You successfully scared off the shark! Your team quickly rows the raft the rest of the way to the shore. You all drag the raft up the beach and collapse on the sand in relief.
