Clinical Handbook of Couple Therapy, Fourth Edition Alan S. Gurman, 2008-06-24 This authoritative handbook provides a definitive overview of the theory and practice of couple therapy. Noted contributors, many of whom developed the approaches they describe, combine clear conceptual exposition with thorough descriptions of therapeutic techniques. In addition to presenting major couple therapy models in step by step detail, the book describes effective applications for particular populations and problems. Chapters adhere closely to a uniform structure to facilitate study and comparison, enhancing the book's utility as a reference and text. See also *Clinical Casebook of Couple Therapy* also edited by Alan S. Gurman, which presents in depth illustrations of treatment.

Clinical Handbook of Couple Therapy Alan S. Gurman, Jay L. Lebow, Douglas K. Snyder, 2015-06-02 This book has been replaced by *Clinical Handbook of Couple Therapy Sixth Edition* edited by Jay L. Lebow and Douglas K. Snyder ISBN 978 1 4625 5012 8

Positive Couple Therapy Jefferson A. Singer, Karen Skerrett, 2014-03-05 *Positive Couple Therapy Using We Stories to Enhance Resilience* is a significant step forward in the couple literature. Utilizing a strengths based approach, it teaches therapists and couples a unique method for uncovering positive potential within a relationship. The authors demonstrate how We stories created, recovered, and made anew provide essential elements of connection. With vivid imagery, these stories capture the couple's sense of We-ness, highlighting memorable moments of compassion, acceptance, and respect. A shared commitment to the We simultaneously builds the relationship and enables each individual in the partnership to feel a greater degree of both accountability and autonomy. Couples that can find their stories, share them with each other, and then carry them forward to family, friends, and a larger community are likely to preserve a sense of mutuality that will thrive over a lifetime of partnership. *Positive Couple Therapy* provides simple and practical instruction for reclaiming positive stories that can catalyze hope in relationships that have become stressed and strained. The authors weave together cutting edge thinking and research in attachment theory, narrative therapy, neuroscience, and adult development, as well as their own research and clinical experience, to present vivid case histories, step by step strategies, exercises, questionnaires, and interview techniques. They cover a range of contemporary couple experiences: couples in conflict, LGBT partnerships, deployed and discharged military couples, and couples at various points across the life span. The authors' unique Me to US Scale, a 10 item tool that assesses the degree of mutuality a couple possesses at the start of treatment, gives therapists of any theoretical orientation the ability to put this intervention to immediate use.

Clinical Handbook of Couple Therapy Jay L. Lebow, Douglas K. Snyder, 2022-09-13 Now in a significantly revised sixth edition with 70% new material, this comprehensive handbook has introduced tens of thousands of practitioners and students to the leading forms of couple therapy practiced today. Prominent experts present effective ways to reduce couple distress, improve overall relationship satisfaction, and address specific relational or individual problems. Chapters on major approaches follow a consistent format to help readers easily grasp each model's history, theoretical underpinnings,

evidence base and clinical techniques Chapters on applications provide practical guidance for working with particular populations such as stepfamily couples and LGBT couples and clinical problems such as intimate partner violence infidelity and various psychological disorders Instructive case examples are woven throughout New to This Edition Chapters on additional clinical approaches acceptance and commitment therapy mentalization based therapy intergenerational therapy socioculturally attuned therapy and the therapeutic palette approach Chapters on sexuality older adult couples and parents of youth with disruptive behavior problems Chapters on assessment and common factors in couple therapy Chapters on cutting edge special topics relationship enhancement telehealth interventions and ethical issues in couple therapy See also Snyder and Lebow's What Happens in Couple Therapy which presents in depth illustrations of treatment

Principia Amoris John Mordechai Gottman, 2014-10-10 Stereotypically science and emotion are diametric opposites one is cold and unfeeling the other soft and nebulous one is based on proven facts while the other is based on inexplicable feelings and never the twain shall meet until now John Gottman delves into the unquantifiable realm of love armed with science and logic and emerges with the knowledge that relationships can be not only understood but also predicted as well Based on research done at his Love Lab and other laboratories Gottman has discovered that the future of love relationships can be predicted with a startling 91% success rate These predictions can help couples to prevent disasters in their relationships recognize the signs of a promising relationship and perhaps more importantly recognize the signs of a doomed one Principia Amoris also introduces Love Equations a mathematical modeling of relationships that helps understand predictions Love Equations are powerful tools that can prevent relationship distress and heal ailing relationships Readers learn about the various research and studies that were done to discover the science behind love and are treated to a history of the people ideas and events that shaped our current understanding They also learn about The Four Horsemen of the Apocalypse 45 natural principles of love 5 couple types 5 recipes for good relationships And much more Just as science helped us to understand the physical world it is helping us to understand the emotional world as well Using the insights in this book mental health professionals can meaningfully help their distressed clients as well as better understand why a relationship is failing or succeeding
