Read the paragraph below, then answer the questions that follow!

The Pueblo are one of the oldest peoples in North America. The Pueblo are descended from an even older Southwestern culture called the Anasazi, which is Navajo for "ancient ones." Their villages developed in what is now the Southwestern area of the United States, including parts of Arizona, New Mexico, Colorado, and Utah.

Pueblo means "village" in Spanish. Pueblo homes are apartment-like buildings made of stone or adobe. An underground room, called a kiva, is used for special ceremonies. Today, pueblo villages may still be made of adobe or stone. Like the old villages, rooms are often added onto a building to make more room as a village grows. An entire village might live in one building. Unlike the earlier buildings, these modern-day Pueblo buildings often have windows and doors.
