Herbel-Eisenmann, Gwendolyn M. Lloyd, 2011-09-20 This book compiles and synthesizes existing research on teachers use of mathematics curriculum materials and the impact of curriculum materials on teaching and teachers with a particular emphasis on but not restricted to those materials developed in the 1990s in response to the NCTM s Principles and Standards for School Mathematics Despite the substantial amount of curriculum development activity over the last 15 years and growing scholarly interest in their use the book represents the first compilation of research on teachers and mathematics curriculum materials and the first volume with this focus in any content area in several decades **Curricular Resources and Classroom Use** Gabriel J.

Stylianides, 2016-05-05 Curricular resources include the different kinds of materials digital or physical that teachers use in or for their teaching textbooks lesson plans etc and have a significant influence on students opportunities to learn At the same time teachers play a crucial role as interpreters of such materials so there is a complex relationship between curricular resources and their classroom use This book aims to bridge these rather disconnected but highly related programs of research by describing comparing and exemplifying new research approaches for studying in connected ways both curricular resources and their classroom use thereby supporting also investigation of the complex interplay between the two In addition to implications for research the book has implications for curriculum development and teacher education Specifically the book deepens understanding of how curriculum developers can better exploit the potential of curricular resources to support classroom work and how teacher educators can better support teachers to use curricular resources in the classroom

Elementary Classroom Management: Lessons from Research and Practice Carol Simon Weinstein, Jr. Mignano, Andrew, 2007 Stressing the need to build caring supportive relationships with and among students this trusted text offers research based guidance on effective classroom management It addresses current concerns about student motivation and

helps prospective and beginning teachers develop a philosophy of classroom management that focuses on building connections with students and creating safe caring classrooms The text profiles five master teachers grades K 1 3 4 and 5 in very different school settings as they create classrooms that are orderly and productive humane and caring The integration of the thinking and the actual management practices of five real elementary teachers into discussions of research based management principles prompts readers to connect theories with actual results Further the text demonstrates how real teachers can adapt to any circumstances physical room constraints curriculum requirements challenging behaviors and still be successful
