How to Choose My Future Profession? ,2021

In 2015 the United Nations General Assembly endorsed the 2030 Agenda for Sustainable Development The 8th Goal of the SDGs concerns among others the global mobilization to provide everyone with decent work In this context the ILO has drawn up an international Action Plan for Youth Employment which aims to mobilize all energies to enable young

people girls and boys to build a professional future corresponding to their aspirations This guide is part of the toolbox for young people and those who support them in particular in the Public Employment Services This is the first step by step guide in the Building my future at work collection and will be followed by other titles relating to job search techniques information on new professions etc While this Guide is primarily meant to support young women and men in choosing their future professions it is not just for young people Choosing a profession is an important step in the transition from education to the world of work and an important decision But professional life spans several decades and during this long period we may all be faced with changes that may require us to look for another job or a new profession The skill to orient oneself to such changes is therefore a necessary one for each of us This is even more important today with a fast evolving world of work linked to demographic climate and technological changes We all need to prepare for such changes and manage such changes in our professional careers by developing our skills by continuing to learn throughout the life course and by being aware of new opportunities
