Bhutan Karma Ura, 2023 The process of modernization has brought discontinuities in collective memory This volume and its prequel provide an act of collective remembrance knitting together many voices and stories It shows the readers a world of the past before modernization began in the 1960s Volume 2 covers the monumental architecture of dzongs castles and administration of the country authority and power cosmological concepts and beliefs religions and rites visualization and meditation visual arts and folk drama that affected the daily life of the people Some chapters also dwell on monastic life and monkhood and Guru Rinpoche's imprints on the land and its people

Gold: How it Shaped History Alan

Ereira,2024-11-30 Gold is not what we think It is usually discussed in the context of wealth and art but this book has a broader subject so fundamental that it has been largely unremarked Informed by a mass of recent discoveries and a South American indigenous perspective it offers a new way of understanding the history of civilization Gold has been coinage treasure and adornment But it has been much more as the hidden driver of wars and revolutions the rise and fall of empires and the transformation of societies As the sun traveled east to west across the sky gold incorruptible and corrupting flowed west to east hand to hand across the world That flow has brought empires to grow and collapse and driven plunder conquest and colonization It brought about wars and revolutions empowered new forms of arts and science and created the capitalist consumer economy that dominates us now All the gold people ever shaped still exists shining as new it can be mislaid but never decays Right from its first appearance on the west shore of the Black Sea long before the rise of Egypt and Mesopotamia gold crowned the first proto king Ever since it has been regarded as value incarnate with transcendental power The quantity we take has been increasing steadily for 6 500 years Now extraction accelerates Our gold mountain has doubled in the last fifty years Yet its price increases faster While the quantity doubled its buying power multiplied by six What does gold do that makes us want it so much As Alan Ereira reveals in this skilfully woven narrative gold is the hidden actor that shapes our story

Old-House Journal ,2002-09 Old House Journal is the original magazine devoted to restoring and preserving old houses For more than 35 years our mission has been to help old house owners repair restore update and decorate buildings of every age and architectural style Each issue explores hands on restoration techniques practical architectural guidelines historical overviews and homeowner stories all in a trusted authoritative voice **National Museum of Korea** Kungnip Chungang Pangmulgwan (Korea),2009 Current Advances in Soft Robotics: Best Papers From RoboSoft 2018 Helmut Hauser,Thrishantha Nanayakkara,S.
