## **Love And Law English Edition:**

**The Perfect Law of Love** L. Lynn Derrick, 2018-11-21 This is not for the faint of heart nor for Christians who want to be entertained This is for hungry Bible students seeking vast deep answers to a vast deep subject the all important subject of Love This book could and should be the standalone text for an 8 credit hour college course mandatory for every accredited Bible student And it is a must for every layman who wants to understand the most important teachings of the Bible on a serious level Jesse Steele Moody Bible Institute Alum This book is offered to help you love the Lord with your whole heart and to better know your Creator It is intended to help clarify some lingering misunderstandings that trace back far into biblical history The book deals with the righteousness and holiness of God as seen in His laws but from a New Covenant perspective love Showing the distinction between the dispensational Law of Moses and the eternal and unchanging Law of God the book focuses on love as love is the focus of both the Law of God and the Law of Moses Rom 13 8 It s all about loving God with all your heart and loving your neighbor as yourself even loving your enemy With man this is impossible but with God all things are possible These matters have the greatest bearing on our future reward in the heavenly kingdom and upon the power of our ministry today With a clearer view of this line in the Bible it is our prayer that we will all stand more confidently as we await and hasten the return of our Lord Seek first his kingdom and its righteousness and all these things will be added unto you The book also covers emerging research regarding the 364 day calendar of the books of 1st Enoch and Jubilees and how to manage it in a 365 day context I think you will enjoy studying this with us Think about it your Creator wants to have dates with you on the dates that his feasts have been observed in the heavens since creation As we journeyed through these things I was humbled to receive seven dreams from the Lord to help shepherd us through which I document in the appendix Several in our extended family have also been warned and encouraged in dreams The arm of Yahweh is not short to also give you dreams and other works of the coming kingdom But it all begins with desperate searching in his Word Keep asking and you will receive Keep seeking and you will find Keep knocking and it will be opened to you *Love and Law* Milton Nobles, 1884

Increasingly the modern neo liberal world marginalises any notion of religion or spirituality leaving little or no room for the sacred in the public sphere While this process advances the conservative and harmful behaviours associated with some religions and their adherents exacerbate this marginalisation by driving out those who remain religious or spiritual And all of this is seen through the lens of social science which seems to agree that religion remains important if not in spiritual sense at least as a source of folklore and a means of identification religions remain rooted in the societies from which they emerged and the legal systems of many of those societies emerged from religious sources even if those societies remain unwilling to admit that fact In the modern materialistic world of conformity religion is less a source of guidance than a label of identification The world therefore faces two issues First the decreasing level of spirituality in the West widens the gap between worshippers and those who have left their faith eg agnostics and atheists or those who look at religion as a matter of picking and choosing from a range of options And second the strong connections to religion which remain in many nations but which are often misused in the secular public sphere both in the West and internationally In such divided worlds both religious and secular forces tend to lock themselves into closed groupings of pure truth and in so doing increase the level of disagreement in turn producing radicalism In short the modern world is divided in two ways between religious and non religious although some have argued that the non religious secular is itself a form of civil religion and between those subscribing to divergent understandings of the same religious tradition While hyperbolic and histrionic the term culture wars nonetheless best captures what we see happening in the public sphere today The question emerges then how best to accommodate the democratic principle which posits that the majority should feel that it lives in a society of its own with the human rights principle holding that is necessary to ensure the full protection of the minority's rights How to balance these seemingly opposed principles We are very familiar with the differences that appear between secular and sacred in the modern world yet what of the similarities amongst scriptures and laws which seek to encourage mutual understanding cooperation and even cohabitation Because religion itself is a source of law a set of exhortations or commands as much as a set of rights every major religion offers an approach to encountering the Other in a positive constructive affirming way and it is here that religions reveal much that they have in common This book draws together the work of scholars engaged in

exploring the possibilities for a utopian world in the sense fostered by St Thomas More The essays explore those dimensions of religious and civil law where love however that is defined by relevant texts fosters and encourages acceptance of the Other and will offer perspectives on the ways in which religious or civil state law command one to act in the spirit of love
