

To interpret the Fishing/Hunting Time Mode screen

Use (D) to enter the Fishing/Hunting Time Mode. When you do, the display automatically cycles through the fishing/hunting times for the current date (as kept in the Timekeeping Mode), starting from the upper transit time.

- The time numbers indicate the following:
 - 1 upper transit time, 2 west transit time, 3 lower transit time, 4 east transit time.
- Fishing/hunting times are rounded off to the nearest five minutes.
- If any fishing/hunting time falls outside the 24-hour period that constitutes the current date, "12:00" is displayed in place of the time.
- The level indicator shows the relative favorability of a fishing/hunting time (calculated in accordance with Moon transit and phase) as shown in the table below.

	Moon Transit	Upper (Hour Angle = 000) Lower (Hour Angle = 120)	West (Hour Angle = 180) East (Hour Angle = 180)	Other
Moon Phase				
New moon Full moon	→→→→→	→→→→→	→→→→→	→→→→→
First quarter Last quarter	→→→→→	→→→→→	→→→→→	→→→→→
Other	→→→→→	→→→→→	→→→→→	None

- These indicators actually appear during Moon ages 12.0 to 12.7 (full Moon and phase immediately preceding it) and 26.8 to 27.8 (new Moon and phase immediately preceding it).
- With Module 2805, the level indicator is (M).

To view fishing/hunting times and Moon data for a particular date

- In the Fishing/Hunting Time Mode, use (E) (+) and (F) (-) to display the date whose fishing/hunting time, Moon phase, and Moon age you want to view.
- Displaying a different date causes an animated pattern to play in the graphic area, indicating that the watch is performing internal calculations. This process can continue for as long as 15 seconds. Wait until the animated pattern stops before performing any other button operation.
- You can select any date from 2000 to 2039.

Fishing/Hunting Time Alarm

While the fishing/hunting time alarm is turned on, the watch performs a beeper or vibrator alert operation for about five seconds whenever a favorable fishing/hunting period is approached.

- The fishing/hunting alert operation is performed the first time the watch minutes reach 00 or 30 after a favorable fishing/hunting period is entered.
- To stop an alert operation, press any button.
- For full details about the alert operation, see "Selecting the Alert Type".
- Note that the fishing/hunting time alarm is disabled when any one of the following conditions exists:
 - While setting the current time or Home Site data.
 - While the watch is performing internal calculations (indicated by the animated pattern playing in the graphic area).
 - While the watch is in the process of changing fishing/hunting time date at midnight each day.

To turn the Fishing/Hunting Time alarm on and off

- Use (D) to enter the Timekeeping Mode.
- Hold down (B) for about two seconds to toggle the fishing/hunting alarm on (→→→→→ displayed) and off (→→→→→ not displayed).
- With Module 2805, the indicator is (M).
- The (M) indicator flashes while a fishing/hunting time alert operation is in progress.
- The (M) indicator is displayed in all modes while the alarm is turned on.

Selecting the Alert Type

You can select either beeper or vibrator as the alert for the fishing/hunting time alarm, daily alarm, weekly alarm, and Hourly Time Signal.

- Nearly very magnitude force can cause the watch's vibration alert to become weak or even fail to operate entirely.

To switch between vibration alert and beeper alert

- Use (D) to enter the Timekeeping Mode.
- Hold down (B) for about two seconds to toggle between vibration alert (VIB displayed) and beeper alert (VIB not displayed).
- The watch performs the newly selected alert operation whenever the alert operation is performed to switch between vibration alert and beeper alert.
- The vibration alert-on indicator (VIB) is displayed in all modes.

Sunrise/Sunset Mode

- See "Moon Phase Indicator" for information about the Moon phase indicator.
- You can select any date from 2000 to 2039.

Note

- The daylight graph indicates daytime and nighttime in accordance with the sunrise and sunset times calculated by the watch.
- If you suspect that a sunrise/sunset time is not correct or if the daylight graph does not appear for some reason, check the Timekeeping Mode data (current time, date, and Home Site settings), and make changes as required. If the daylight graph does not appear, it could indicate a problem with the GMT differential or longitude setting.
- The sunrise and sunset times displayed by this watch are times at sea level. Sunrise and sunset times are different at altitudes other than sea level.
- Sunrise and sunset times, and the contents of the daylight graph refresh each day at midnight.
- Sunrise and sunset times are rounded off to the nearest five minutes.

Date	Sunset Time
12/1	4:25
12/6	4:26
12/17	4:32
12/18	4:28
12/19	4:29

Time Memo

The Time Memo feature of your watch lets you create up to 40 time memos, each of which includes a memo number, as well as the time, date, Moon phase indicator, and the fishing/hunting level indicator at the point when the time memo is recorded. You can create time memos to keep track of how many fish you catch or how much game you bag, as well as the date, time, and Moon phase.

- Time memos are automatically sorted chronologically on their date and time fields. You can recall time memos by scrolling through them on the display.
- You can create a time memo while in any mode. However, you cannot create a time memo while a setting screen is on the display.
- Use the Recall Mode to recall and delete time memos.
- Each memo also shows the month and day only.

To create a time memo

- In any mode, hold down (D) for about two seconds until the memo number and memo time flash on the display.
- When you initially press (D), the memo number and memo time appear on the display. Keep (D) depressed until you release (D) while the memo number and memo time are not flashing.
- The memo number and memo time flash for about two seconds, and then the display changes to the screen that was displayed before you pressed (D).
- Note that you cannot create a time memo if the current time is midnight or while the watch is performing a calculation operation.

Managing Time Memos

- Use the Recall Mode to recall and delete time memos. Use (D) to enter the Recall Mode.
- Entering the Recall Mode initially displays the last time memo you created.
- Performing the time memo delete operation deletes all time memos currently in memory. Note that you cannot delete time memos individually.
- Entering the watch's factory-repaired will cause all time memos currently in memory to be deleted. Make sure you always keep separate copies of important data.

Manual Casio Sea Pathfinder

Zhe Xu

Manual Casio Sea Pathfinder:

Eventually, you will definitely discover a other experience and capability by spending more cash. nevertheless when? attain you acknowledge that you require to acquire those every needs as soon as having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to comprehend even more something like the globe, experience, some places, past history, amusement, and a lot more?

It is your agreed own period to pretend reviewing habit. in the midst of guides you could enjoy now is **Manual Casio Sea Pathfinder** below.
