A Mad Love Vivien Schweitzer, 2018-09-18 A lively introduction to opera from the Renaissance to the twenty first century There are few art forms as visceral and emotional as opera and few that are as daunting for newcomers A Mad Love offers a spirited and indispensable tour of opera s eclectic past and present beginning with Monteverdi s L Orfeo in 1607 generally considered the first successful opera through classics like Carmen and La Boheme and spanning to Brokeback Mountain and The Death of Klinghoffer in recent years Musician and critic Vivien Schweitzer acquaints readers with the genre s most important composers and some of its most influential performers recounts its long standing debates and explains its essential terminology Today opera is everywhere from the historic houses of major opera companies to movie theaters and public parks to offbeat performance spaces and our earbuds A Mad Love is an essential book for anyone who wants to appreciate this living evolving art form in all its richness **Sex, Love and Feminism in the Asia Pacific** Chilla Bulbeck, 2008-10-27 Sex love and feminism are three aspects of the rapidly changing gender relations that shape young people s lives in the Asia Pacific region Much has been written about rapidly changing countries in Asia most recently China and India With the global spread of capitalist production and neo liberal ideologies the claim that the rest of the world s women are treading the path to enlightenment and development forged by women in the West has been revived This book explores that contention through a comparative analysis of the attitudes of young middle class urbanites in ten countries the USA Australia Canada Japan Thailand South Korea India Indonesia China and Vietnam Drawing on detailed empirical research the study describes and compares attitudes towards the women s movement sexual relations and family arrangements in the countries considered It explores young peoples image of feminists and what they feel the women s movement has achieved for women and men in their country The book discusses young people s attitudes to controversial gender issues such as role reversal sharing housework abortion rights same sex sexual relations nudity and pornography Through a comparative analysis of the gender vocabularies by which young people understand gender issues the book highlights the role of differences in history culture economics and political leadership These influence attitudes to gender relations the status of women and the political programs of the women s movement in different countries Whilst there are striking parallels between countries and even across the whole sample those similarities do not fall neatly into a simple dichotomy of the west versus the rest **The English-speaking World**, 1920 *“On the Duties toward Enemies” and “On the Love of Truth”: Two Sermons by Fichte from 1791* Johann Fichte, Composed in 1791 just before Fichte s public breakthrough these pieces sit at the hinge of his Kantian turn and his emergence as a moral philosopher Fichte was not ordained after years as a private tutor notably in Z rich he visited Kant in K nigsberg in 1791 and soon published the anonymously issued Attempt at a Critique of All Revelation 1792 which made his name and led to Jena 1794 The sermons already display the hallmarks of his later thought primacy of practical reason the sovereignty of conscience ethical rigor and

a juridical view that locates coercive right in public authority rather than personal vengeance Set against the late Enlightenment Protestant milieu and the upheavals of the Revolutionary era they are deliberate efforts to transplant school modes of argument to the pulpit and to model a rational exacting Christianity that anticipates the moral core of the Wissenschaftslehre and later the civic pathos of the Addresses to the German Nation On the Duties toward Enemies narrows who truly counts as an enemy distinguishes just opposition misunderstanding and self interest and commands rigorous self examination before resisting wrong It urges Christians to forgo private revenge seek redress through legitimate authority oppose the deed while loving the doer and to help a needy enemy simply as one who is needy On the Love of Truth separates epistemic truth from truthfulness of heart identifies conscience as the spirit of truth catalogs the stratagems of self deception and proposes a universalizability test what you would not have others do to you as the practical rule Both sermons weave close biblical exegesis Romans 12 John 15 and 3 with a demanding rational ethic aimed at purifying motive and conduct Like Kant Fichte saw a super rational moral calling to be the foundation of religion instead of divine revelation This deeply subjective Protestant understanding would ultimately fold in on itself and give birth to Schopenhauer and Nietzsche's post Protestant Nihilism influencing Modernism as it evolved out of Protestant Theology This modern professional translation delivers scholarly depth with amplifying materials to place Fichte's philosophy in its social and intellectual context The translation is literal and precise with certain philosophic terms kept in parenthesis to preserve concepts which are uniquely German This critical reader's edition includes an extensive afterword tracing his personal relationship with both Hegel and Kant Fichte was also close with Kant to the point where Kant helped him publish his first philosophy book Hegel eventually saw Fichte's philosophy as incomplete and overly subjective which he argued in works like the Phenomenology of Spirit Fichte influenced Schopenhauer's concept of the irrational Will Freud's Ego Sartre's Existentialism and Ick's praise for Fichte's subjective negativity as highlighting the Void of the Real This edition also contains a comprehensive timeline connects the major events of Fichte's life with world events an glossary of Critical Philosophical and Romantic Idealist terminology and a detailed index provides an authoritative guide to his complete writings to bring to life this critical late 18th century philosopher
