La Dialectique Des Rapports Hommes-femmes:

La dialectique des rapports hommes-femmes Thierry Blöss, 2001-11 La voie vers l'égalité des sexes est encore incertaine. En mettant l'accent sur les changements intervenus dans les relations entre les hommes et les femmes dans les domaines de la vie publique et privée, cet ouvrage fait apparaître la permanence d'un principe structurel de domination masculine. Les comportements et les trajectoires des hommes et des femmes se sont certes rapprochés durant ces dernières années, mais la remise en cause de la division sociale des rôles des sexes existe et doit être poursuivie. Synthèse critique des connaissances sociologiques sur l'état des distinctions et des relations entre les sexes en intégrant une double perspective temporelle relative aux évolutions historiques des rapports sociaux entre les sexes durant la deuxième moitié du XXe siècle et spatiale permettant de comparer la situation française à celle des pays européens.

Women in Jazz Marie Buscatto, 2021-12-30 *Women in Jazz* Musicality Femininity Marginalization examines the invisible discrimination against female musicians in the French jazz world and the ways in which women thrive as professionals despite such conditions. The author shines a light on the paradox for women in jazz to express oneself in a feminine way is to be denigrated for it, yet to behave in a masculine manner is to be devalued for a lack of femininity. This masculine world ensures it is more difficult for women to be recognized as jazz musicians than it is for men, even when musicians, critics, and audiences are ideologically opposed to discrimination. Female singers are confined by the feminine stereotypes of their profession, while female instrumentalists must comport themselves into traditionally masculine roles. The author explores the academic and professional socializations of these musicians, the musical choices they make, and how they are perceived by jazz professionals as a result. First published in French by CNRS Editions in 2007 and later reissued in paperback in 2018 with the author's postscript that nothing much has changed. *Women in Jazz* Musicality Femininity Marginalization expands the conversation beyond the French border, identifying female jazz musicians as a discriminated minority all around the world.

Qu'en est-il aujourd'hui ? **La femme dans la société française** Thierry Blöss, Alain Frickey, 2001 Les femmes sont chaque jour plus présentes dans les différents domaines de la vie sociale constituant ainsi des acteurs économiques et sociaux partiels. Toutefois les droits qu'elles ont conquis au sein de la famille, à l'école et dans le monde du travail se heurtent de nombreuses limites et difficultés.

L'ordre sexué Réjane Sénac-Slawinski, 2007 L'ouvrage interroge ce passage des différences entre les sexes à leur inégalité, la lumière qualitative sur les identités sexuelles. L'examen des principes de justice à l'œuvre dans ces entretiens permet d'analyser comment les représentations des inégalités hommes-femmes questionnent les liens entre la conception des différents ordres légitimes, l'ordre sexuel, naturel, social et politique.

Anthropologie de l'amour sexuel Alain Delannoy, 2023-07-26 Amour et sexualité fascinent l'homme. Cette question le travaille. Il se forme une opinion tranchée sur la question. Il se persuade que cela révèle ce qu'il y a de plus naturel en lui. Quand il fait l'amour, il devient comme un animal dominé par l'instinct. Quand il est amoureux, victime d'une ruse de la nature qui permet la reproduction de l'espèce, il est poussé à se mettre en ménage et lever des enfants. Ces spéculations sont avant toute autre chose le fruit de la grande imagination de l'homme. Elles présentent pourtant davantage que tout instinct sur les formes que prennent ses amours. Les mœurs amoureuses varient trop d'une société à l'autre pour ne dépendre que de la nature humaine. L'amour, passion, n'est pas plus universel que ne l'est le couple permanent. L'homme ne se mue pas en bête dans les bêtes. L'amour sexuel est au contraire l'un des traits par lesquels il se singularise le plus de l'ensemble des autres très vivants. L'homme expérimente une diversité des comportements amoureux inconnue dans les autres espèces. Il ressent un plaisir sexuel qui est sans commune mesure avec celui ressenti par tout autre animal.

L'accès à la vie d'artiste Denis Férey, 2006 Cet ouvrage collectif est consacré aux arts du spectacle dans la société française contemporaine. Il s'intéresse à la danse contemporaine, au théâtre et au cinéma d'une part, aux musiciens d'autre part, de l'orchestre symphonique au rap en passant par le rock, le punk. Chaque enquête est sous-tendue par la même question : celle des conditions et des modalités d'accès à la vie d'artiste, des procédures de sélection et des formes de consécration artistiques, ou encore dans le cadre de la théorie des champs de Pierre Bourdieu, celle du droit d'entrée. Ainsi, cet ensemble d'enquêtes met-il en évidence quelques-unes des propriétés requises pour accéder à telle ou telle scène des arts du spectacle, non seulement les savoir-faire mais aussi les modalités de leur acquisition, l'apprentissage, la scolarisation, la valeur accordée à l'authenticité chez les rappeurs et la possible conversion des stigmatisés en emblèmes chez les punks, le nécessaire entretien de la croyance dans l'intérêt du jeu et dans sa capacité à jouer l'importance des relations, le capital social mais aussi les discriminations de genre, etc.
