They are mounted on horses, and the scene is filled with the chaos of combat, including spears, swords, and the movement of troops. Comptes-rendus de l'Athénée louisianais Athénée louisianais (New Orleans, La.), 1885 **SYMBOLISM IS THE THEORETICAL BASE OF ALL SCIENCES** Ruben Charles, 2024-11-08 In this book we try to understand how the modernity of societies had become the main source that gave birth to the symbolism which ultimately became the center of the universe by defining the identity of the human being and by acting on its way of living of acting and of thinking and becoming the main basis of the existence of all societies. Symbolism constitutes a new approach allowing science to determine the hidden meaning and complexity of symbolic objects through a system of symbolic representation. The latter allows us to know who we really are as a human being and to understand how today's world works. Indeed everything that exists on this planet is based on symbolism we cannot understand today's social reality outside symbolism.
