The Animal Code Danny Crossman, 2011 Illustrates the myriad ways in which humans exploit animals making a compelling case for people to recognise animals needs and feelings In a breakthrough concept The Animal Code sets out a clear guide for how each of us can treat animals with respect and also help our environment Parade of Life, 1993 **AF Press Clips**, 1966-12-28 **Transdex Index**, 1994 An index to translations issued by the United States Joint Publications Research Service JPRS *Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)* Union of International Associations, 2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events **Operation Lock and the War on Rhino Poaching** John Hanks, 2015-05-08 The aggressive poaching of rhinos needs to be countered with equal aggression So argued Prince Bernhard of the Netherlands the founder president of the World Wide Fund for Nature WWF at a 1987 meeting with John Hanks conservation expert and WWF s head in Africa The result was Operation Lock a secret initiative funded by Prince Bernhard and staffed by former SAS operatives Operation Lock set up headquarters in Johannesburg and extended its reach into neighbouring states Namibia Zambia Botswana Swaziland and Mozambique Its operatives planned to train game rangers to pose as rhino horn traders in order to entrap buyers and to expose the kingpins who were driving the trade It was a controversial approach all the more because it was working within apartheid South Africa in the late 1980s When the existence of the project was finally leaked WWF denied any involvement and John Hanks took the fall In Operation Lock and the War on Rhino Poaching John Hanks finally tells the story of these explosive events from 25 years ago As a leading international authority on conservation he also deals with the scourge of rhino poaching up to the present and gives powerful and controversial criticism of some of the current policies to curb poaching **Annuaire Des Organisations Internationales**, Saving the Last Rhinos Grant Fowlds, Graham Spence, 2020-05-05 The remarkable story of Grant Fowlds who has dedicated his life to saving the imperiled rhinos vividly told with Graham Spence co author of the bestselling *The Elephant Whisperer* What would drive a man to smuggle rhino horn back into Africa at great risk to himself This is just one of the situations Fowlds has put himself in as part of his ongoing fight against poaching in order to prove a link between southern Africa and the illicit lucrative trade in rhino horn in Vietnam Shavings of rhino horn are sold as a snake oil cures but a rhino s horn has no magical medicinal properties whatsoever Yet it is for this that rhinoceroses are being killed at an escalating rate that puts the survival of the species in jeopardy This corrupt illegal war on wildlife has brought an iconic animal to the brink of extinction Growing up on a farm in the eastern Cape of South Africa Grant developed a deep love of nature turning his back on hunting to focus on saving wildlife of all kinds and the environment that sustains both them and us He is a passionate conservationist who puts himself on the front line of protecting rhinos in the wild right now against armed poachers and in the long term through his work with schoolchildren communities and policymakers *Analysis of Rhino Poaching in KwaZulu-Natal, South Africa*, 2011

Africa's Threatened Rhinos Keith Somerville, 2025-01-14 Africa s surviving rhinos are under serious threat Poaching for their horns massive

extermination by sports hunters in the nineteenth and first half of the twentieth century and progressive habitat loss have all driven black and white rhino close to the edge This book considers human interactions with these magnificent and enigmatic animals charting hunting for food and hides and then hunting for horn to meet external demand for this much coveted commodity as well as peaceful coexistence over the course of three millennia With only two females alive in a closely protected reserve in Kenya the Northern White Rhino is on the brink of extinction The Southern White Rhino was increasing in numbers but poaching in South Africa Botswana and Namibia has now reduced the population to fewer than 20 000 while Black Rhino are hovering around the 6 000 6 500 mark also with the danger of extirpation everywhere but in parts of eastern and southern Africa Many books have been written on poaching and the decline of the rhino often from a very personal engaged viewpoint This volume takes the reader into important new territory showing how human agency has led to the situation we now face Covering the history of commercial and sporting exploitation of rhino it brings the picture up to date with an overview of contemporary conservation and anti poaching operations This urgent work is a significant contribution to our understanding of wildlife on the African continent

Richard Peirce, 2014-09-01 When wildlife conservationist Richard Peirce learnt about the targeting of three private game reserves in the Western Cape in 2011 and the butchery of some of their rhinos he embarked on a crusade to raise public awareness about the horrors of rhino poaching This is the story of Higgins and Lady two rhinos from the farm Fairy Glen that defied the odds by surviving a brutal attack Peirce keeps the reader spellbound as he recounts the series of attacks and their aftermath in chilling detail the unbearable savagery suspect police work shady characters mysterious happenings and death threats Reading like a crime thriller this account of dogged survival compassion and triumph along with desperate strategising to outwit the poaching mafia will have wide appeal Colour images throughout taken as the drama unfolded bring the subject even more vividly to life **African Rhino**
