## **L O Memorandum Final Exemplar2014:**

**Russia, the West, and the Ukraine Crisis** Elias Götz, 2018-12-07 This book examines the causes and consequences of the Ukraine crisis with a special focus on Russia's relations with the West Towards that end it brings together international relations scholars and area specialists Issues covered include the evolution of EU Russia and US Russia relations the role of strategic culture and ontological insecurities in the formation of Russian foreign policy the role of hybrid warfare in Russian military policy the geopolitical drivers of Russia's Ukraine policy and a discussion of the decision making dynamics that led to Russia's intervention in eastern Ukraine The contributors employ different theoretical approaches and offer partly complementary and partly competing analyses In so doing this book seeks to stimulate dialogue between different positions and advance our understanding of a topic that will shape the European security order for many years to come This book was originally published as a special issue of Contemporary Politics

### **US-Spanish Relations after Franco, 1975-1989**

Morten Heiberg, 2018-02-19 On September 26 1953 the Eisenhower administration signed three executive agreements with General Franco's regime which allowed the United States to install military bases in Spain in exchange for economic and military aid The deal clearly favored US Cold War interests and critics soon denounced that by signing the Pact of Madrid America had betrayed its own democratic credentials The agreements stabilized the dictatorship and effectively converted it into a US satellite During the transition to democracy after 1975 the US military presence in Spain was strongly debated Many politicians and a large section of the Spanish public demanded a new foreign policy and a much higher degree of autonomy for Spain in the international system However as this book unravels the UCD center governments of the late 1970s and early 1980s essentially gave up on their long held claim to a new and more balanced relationship with Washington This fact was carefully concealed from the public Thus it was only well into the mid 1980s when the new socialist government gradually developed a more consistent foreign policy doctrine that Washington fully realized that the bilateral relations had to be approached in an entirely different manner For all these reasons the present work is also a statement in the ongoing scholarly debate on the Spanish transition to democracy and the importance of foreign influences on this process Finally the book sheds new light on the role of King Juan Carlos in foreign affairs just as it discusses Spain's alleged role in the Iran Contra Affair
