Managing Employees Be The Boss Everyone Loves:

Managing Employees Natalie Freyman, 2014-12-25 Don't you wish to begin working from home so that you can be your own boss and not have to worry about the deadlines and still earn money? Then manage your capital properly, invest in the right equipment and even be the friendly boss for your employee. Should you wish to expand your home-based business and get to know even more in detail about the paperwork involved from this book? **Managing Difficult Employees** Joseph Koob, 2008 This book is about what YOU as a manager and leader bring to the table. It addresses two key questions: Is your leadership conducive to a positive work environment with few personnel concerns, and when concerns do arise, are you prepared to handle them effectively and efficiently? The first part of this book focuses on avoiding difficulties through knowledgeable and inspired leadership. Part II of this work will demonstrate how to apply your personal strengths and your management and leadership skills to working successfully with difficult personnel concerns and in difficult situations. **The Routledge Companion to Reward Management** Stephen J. Perkins, 2018-11-14 The Routledge Companion to Reward Management provides a prestige reference work and a state-of-the-art compilation mapping out contemporary developments and debates on rewarding people in employment and how they relate to business, corporate governance and management. Reward management stands at the interdisciplinary interface between economics, industrial relations and HRM, industrial psychology and organisational sociology and increasingly corporate governance incorporating debates around equity and fairness in and around the employment relationship and wider capital-labour relations. In recent years, trade union decline and widening differentials between those employed at the top of organisations have generated critical commentary in the popular media which can negatively impact on social cohesion. Theoretically underpinned but practically oriented, this Companion will synthesise these trends and controversies around issues while tracing conceptual and empirical provenance, currency and future prospects. It will be an invaluable resource for students and researchers in reward management, corporate governance, management and HRM seeking convenient access to an area which is highly complex and controversial in application. *Bad Bosses, Crazy Coworkers & Other Office Idiots* Vicky Oliver, 2008-09 Have you confronted any of these coworkers or bosses recently?
