Meacutemoires Despoir Tome Le Renouveau:

Britain, France and the Battle for the Leadership of Europe, 1957-2007 Richard Davis, 2023-08-04 The book gives an account of an essential part of Britain's troubled relationship with the rest of Europe after 1945 particularly considering the rivalry of France and Britain between 1945 and 2007 The record of Britain's relations with the rest of Europe and in particular with France from 1945 onwards was seen by the politicians and diplomats in charge of foreign policy very much in terms of a diplomatic battle This is paradoxical given that European integration was supposedly aiming to create a European community Although Britain has usually been seen as an at best half hearted participant in European integration it nonetheless maintained its ambition to assume the leadership of Europe This inevitably led to a confrontation with France which shared the same goal This book begins by looking at the opposing ways in which these two ancient European rivals presented very different models for the sort of Europe they wished to see emerge It goes on to consider the record of their rivalry between 1945 and 2007 After this Britain effectively gave up the battle for the political leadership of Europe This however should not obscure the fact that it had succeeded in imposing many of its social and economic models on Europe This volume will be of interest to both undergraduate students and general readers interested in Britain's position in Europe

Enquêtes et documents ,1990 De Gaulle, bâtisseur d'avenir Claude Jean-Marie Trutat,1990 Europe Frédéric Bozo, Susan Emanuel, 2002-07-15 This timely book explores the often stormy French U S relationship and the evolution of the Atlantic Alliance under the presidency of Charles de Gaulle 1958D1969 The first work on this subject to draw on previously inaccessible material from U S and French archives the study offers a comprehensive analysis of Gaullist policies toward NATO and the United States during the 1960s a period that reached its apogee with de GaulleOs dramatic decision in 1966 to withdraw from NATOOs integrated military arm This launched the French policy of autonomy within NATO which has since been adapted without having been abandoned De GaulleOs policy often has been caricatured by admirers and detractors alike as an expression of nationalism or anti Americanism Yet Frederic Bozo argues that although it did reflect the GeneralOs quest for grandeur it also and perhaps more important stemmed from a genuine strategy designed to build an independent Europe and to help overcome the system of blocs Indeed the author contends de GaulleOs actions forced NATO to adapt to new strategic realities Retracing the different phases of de GaulleOs policies Bozo provides valuable insight into current French approaches to foreign and security policy including the recent attempt by President Chirac to redefine and normalize the France NATO relationship As the author shows de GaulleOs legacy remains vigorous as France grapples with European integration a new role within a reformed NATO and relations with the United States Mort du général de Gaulle Jean Mauriac, 2014-04-01 J ai t bless en Mai 68 Et maintenant ils m ont achev Et maintenant je suis mort C est par ces mots que le q n ral de Gaulle accueillit le Non des Fran ais au r f rendum d avril 69 Entre cette mort politique et la fin Colombey dix neuf mois vont s couler durant lesquels le g n ral va voyager compl ter ses M moires s entretenir avec des
