Managing Information In The Public Sector

Gerardus Blokdyk

Managing Information In The Public Sector:

Managing Information in the Public Sector Jay D. White, 2007 Covers both the basics of information technology and the managerial and political issues surrounding the use of these technologies Managing Information in the Public Sector Jay D White, 2015-02-12 This first of its kind survey covers both the basics of information technology and the managerial and political issues surrounding the use of these technologies Unlike other works on information systems this book is written specifically for the public sector and addresses unique public sector issues and concerns The technical basics are explained in clear English with as little technical jargon as possible so that readers can move on to informed analysis of the public policy issues surrounding government's use of MIS This practical tool includes end of chapter summaries with bridges to upcoming chapters numerous boxed exhibits thorough end of chapter notes and a bibliography for further reading

Public Sector Communication Doris Appel Graber, 1992 Written by an expert in media and communications Public Sector Communication focuses on information management in government agencies by analyzing the nature of information flows and communication problems This book provides practical information for those interested in the public sector

Managing Information and Knowledge in the Public Sector Eileen Milner, 2002-09-11 Down to earth and taking into account the critically important characteristics unique to public services this is an illuminating text for anyone working or thinking about working in the public sector **Managing Information Technology Resources in Organizations in the Next Millennium** Information Resources Management Association. The Handbook of Public Sector Communication Vilma Luoma-aho, María José Canel, 2020-02-03 A multidisciplinary collection on global public entity strategic communication Research into public sector communication investigates the interaction between public and governmental entities and citizens within their sphere of influence Today s public sector organizations are operating in environments where people receive their information from multiple sources Although modern research demonstrates the immense impact public entities have on democracy and societal welfare communication in this context is often overlooked Public sector organizations need to develop communicative intelligence in balancing their institutional agendas and aims of public engagement The Handbook of Public Sector Communication is the first comprehensive volume to explore the field This timely innovative volume examines the societal role environment goals practices and development of public sector strategic communication International in scope this handbook describes and analyzes the contexts policies issues and questions that shape public sector communication An interdisciplinary team of leading experts discusses diverse subjects of rising importance to public sector government and political communication Topics include social exchange relationships crisis communication citizen expectations measuring and evaluating media diversity and inclusion and more Providing current research and global perspectives this important resource Addresses the questions public sector communicators face today Summarizes the current state of public sector communication worldwide Clarifies contemporary trends and practices including mediatization citizen engagement and change and expectation management Addresses global challenges and crises such as corruption and bureaucratic roadblocks Provides a framework for measuring communication effectiveness Requiring

minimal prior knowledge of the field The Handbook of Public Sector Communication is a valuable tool for academics students and practitioners in areas of public administration public management political communication strategic and organizational communication and related fields such as political science sociology marketing journalism and globalization studies

Managing Information and Knowledge in the Public Sector Eileen Milner,2002-09-11 For the public sector which is globally the largest employer of people and repository of information managing information and knowledge is an extremely problematic area to address The essence of both resources is that they are intangible their impact and value cannot be measured through traditional accounting methods yet they are also paradoxically where the greatest value and potential for improvement is located In this book Eileen Milner introduces the reader to the concepts of information and knowledge and explores a variety of tools and techniques which may be usefully adopted in actively managing and developing these resources Wherever possible real life public sector case studies and examples are used to illustrate good practice as well as some of the pitfalls of poor application Down to earth and taking into account the critically important characteristics unique to public services this will be an illuminating text both for managers and policy makers already working in the public sector and for those considering doing so Knowledge Management in the Public Sector David E. McNabb,2007

Managing Information & Knowledge in the Public Sector Eileen M. Milner,2000 *Public Service Management* Harvey James Gonden,Arthur W. Park,James Blythe Wootan,1916 **Public Service Management** ,1908 **Government Information Management in the 21st Century** Peggy Garvin,2011 The authors in this timely book are practitioners scholars and government officials Together they provide an informed look at how managing government information is being tested at a time of rapid change Part I addresses key issues for public academic and government libraries in organizing and providing access to government information Part II features chapters on the diverse information issues facing governments such as managing Freedom of Information requirements opening government data to the public and deploying new online technologies PUBLIC SECTOR COMMUNICATION DORIS A. GRABER,1991 The Role of Research and Development in Water Resources Planning and Management for Achieving Urban Goals Miller B. Spangler,1972 Proceedings of the 2022 3rd International Conference on Big Data and Informatization Education (ICBDIE 2022) Zehui Zhan,Bin Zou,William Yeoh,2023-01-20 This is an open access book The 2022 3rd International Conference on Big Data and Informatization Education ICBDIE2022 was held on April 8 10 2022 in Beijing China ICBDIE2022 is to bring together innovative academics and industrial experts in the field of Big Data and Informatization Education to a common forum The primary goal of the conference is to promote research and developmental activities in Big Data and Informatization Education and another goal is to promote scientific information interchange between researchers developers engineers students and practitioners working all around the world The conference will be held every year to make it an ideal platform for people to share views and experiences in international conference on Big Data and Informatization Education and related areas **Public Service**

Magazine ,1921 *Teaching Public Policy* Peter J. Bergerson,1991-01-30 The curriculum of public policy education is currently undergoing an introspective examination as academics and practitioners develop programs to reflect the dramatic theoretical informational technological and managerial changes of the 1980s This book is a response to some of these creative and innovative instructional techniques The text covers policy theory research and a number of substantive topics including financial management budgeting ethics computers and experiential learning The essays are grouped in seven separate areas each emphasizing successful teaching strategies Organizational theory is the first area to be treated with discussions of public administration education and democratic values a reflection in action model and the role of ethics in public policy education Research skills are covered through surveys of quantitative analysis skills of MPA students and bridging the gap between methods courses and real research studies Surveys of information resource management and an active reactive model of policy evaluation comprise the section on program evaluation and management while financial core curriculum courses are considered in chapters on in class budget simulations and fiscal management in the public sector A computers and communications section focuses on computer literacy and the skills an MPA program should teach and two contributions analyze comparative public administration Finally a concluding section explores the contemporary issues of the use of practitioners in the classroom experiential learning and the political science perspective on public administration This volume will be a useful resource for courses in public administration public policy and political science as well as a welcome addition to public and academic libraries
