A Better Way of Doing Business? Graeme Salaman,John Storey,2016 This book offers a thoroughly researched and accessibly written account of the John Lewis Partnership It describes what the JLP is how it works and what other businesses can learn from it The US UK model of the firm with its emphasis on shareholder value and its openness to the market in the buying and selling of businesses is prone to a number of problematic consequences for employees suppliers and sometimes share holders The JLP represents a contrast to this model one that has implications beyond the small niche of mutually owned firms The JLP has lessons for organizations that are unlikely to move towards the Partnership s distinctive shared ownership This book identifies these lessons The key questions addressed include how does the JLP work in practice What is the link between co ownership the JLP employment model and the performance of the businesses What is the role of management in the success of John Lewis and Waitrose Are mutuality co ownership and business performance at odds What is the significance of democracy within the JLP And probably most significantly what are the implications for policy makers and for economic agents of the JLP This book is based on detailed knowledge of the JLP and its constituent business gathered by the authors over a fifteen year period Their conclusion that the JLP is more complex even more impressive and more interesting than its admirers realise Seeking Truth in International TV News Vivien Marsh,2023-03-17 This book puts CGTN formerly CCTV News and the BBC s international television news head to head interrogating competing truths in the

exacting business of news reporting Written by a media scholar and former long serving BBC News journalist Seeking Truth in International TV News asks if China's English language television news programmes are little more than state propaganda and if the BBC can be viewed as a universal news standard to which all other broadcasters should aspire Over 8 years of Xi Jinping's rule it investigates how the international TV news channels of CGTN and the BBC reported on Chinese politics protests in Hong Kong disasters in Africa and insurgency and its suppression in Xinjiang The comparison reveals uneven editorial imperatives at the Chinese broadcaster and raises questions about the BBC's professed tenets of balance and impartiality It also illustrates how Chinese journalists commit small acts of journalism that push the boundaries of information control A rigorous analysis of reportage from the two channels this book will be relevant to scholars of global media journalism international relations and public diplomacy It will also interest those in academia the media and international affairs who want to examine the nature of news and soft power in a comparative context *American Miller*
