

The Mock Research Paper

► Carlton Clark
NewVoice

The writing assignment described offers an introduction to the college research paper genre.

My purpose in this instructional note is to describe the mock research paper. I was intrigued when I heard about this assignment idea several years ago, and I recently developed the following version:

Mock Research Paper

Write a “research paper” of at least 800 words on any contemporary controversial issue. Identify a research problem, make a claim regarding that problem, and support that claim with evidence and reasons. The paper should look like a legitimate research paper. You must follow MLA conventions for page layout, in-text citations, and the works cited page.

The purpose of this assignment is to help you master the *form* of a research paper—that is, conventions for handling arguments and evidence, including documenting research. You will imitate the research paper *form* but supply your own *content*. Refer to the sample research papers we have discussed in class.

As these instructions indicate, this assignment is all about form. Following the ancient rhetorical principle of imitation, the students learn to write research papers by imitating models. I have had good results with this assignment, mostly because the students enjoy it. But, in the process of having fun, they are mastering the conventions of the research paper genre.

I encourage the students to have fun with the assignment by inventing off-the-wall issues. The “issues” students have written about have included the legalization of medical marijuana for dogs, video game addiction among dogs, mandatory cosmetic surgery for teens, the benefits of global warming, obsessive-compulsive drivers who refuse to turn left, shopping therapy, and sexual harassment improving workplace productivity. Although some students have also chosen to explore real issues with fake sources, the made-up, off-the-wall issues tend to be more interest-
