

The background of the book cover is a dark, night-time scene filled with numerous floating lanterns. The lanterns are made of a translucent material, likely paper or fabric, and are illuminated from within, creating a warm, orange-yellow glow. They are scattered across the frame, with some appearing larger and closer, and others smaller and further away, creating a sense of depth. The overall atmosphere is serene and contemplative.

Current Challenges for Corporate Finance Guido Eilenberger, Sascha Haghani, Alfred Kötzle, Kurt Reding, Klaus Spremann, 2009-09-21 Strategic corporate finance This sounds like a paradox at first After all corporate finance means responding to the financial markets Strategy on the other hand aims to change and shape the environment in the long term Lately though more and more managers and investors appear to be breaking the laws of the capital market At the same time corporations are discovering new ways to not just react to the capital markets but to actively shape them The authors show that these violations are not isolated occurrences but part of a paradigm shift If companies want to stay successful in changing markets they have to take a strategic approach to corporate finance The authors use practical examples to demonstrate how this can be achieved This book is intended not only for corporate finance experts but also for students interested in the latest developments on the financial markets **American Book Publishing Record** , 2004
