English Medium Instruction in Secondary Education Jack Pun, 2024-04-19 Jack Pun presents best practices in pedagogy and teaching to facilitate effective content subject learning at the secondary school level Increasingly parents are sending their children to English Medium Instruction EMI secondary schools in their home countries to prepare them for full immersion in EMI in English native speaking countries The book explores the teaching and learning processes in EMI senior secondary science classrooms based in thirty secondary schools in Hong Kong Conducting analyses of classroom teacher and student perception data the author discusses the issues of teaching science through the medium of English in secondary schools the implications and applications for professional development of science teachers and other content subject teachers and suggests strategies for teaching science in different EMI contexts This volume is highly relevant to scholars in the field of educational linguistics particularly in English language teaching content based instruction content and language integrated learning and English as a medium of instruction It is also useful to education policymakers school teachers research students English and education majors

**Educational Leadership in Becoming** Nuraan Davids, Yusef Waghid, 2016-08-25 Educational Leadership in Becoming reconsiders educational leadership in its current forms and presents a more plausible form of educational leadership to contend with the complexities currently found in universities and schools Much of the literature in vogue concerning educational leadership ranges from transactional to transformative representations of the concept in relation to educational management and policy curriculum inquiry and pedagogical action The primary aim of this book is to revisit some of the dominant understandings of educational leadership and to offer an extended view of the practice along the lines of potentiality and becoming Davids and Waghid argue that all current forms of educational leadership are insufficient to enact responsible human action particularly when it comes to addressing the combined issues of globalisation and equitable redress and transformation whether in relation to leading schools or universities The primary objective of the book is to draw on the Agambian notion of becoming in order to show that an educational leadership in becoming is better placed to not only address the myriad challenges besetting education but to also enhance the potential of leadership in action The book addresses an international audience by analysing conceptions of transformative leadership and should be read by anyone who is interested in education and educational leadership as well as the impact of neoliberal agendas on education and society It should also appeal to those interested in the philosophy of education

Re-envisioning English-Medium Instruction in K-12 Schools Michelle Mingyue Gu, Yiqi Liu, Corey Fanglei Huang, 2025-06-18 Connecting diverse theories and practices in English medium Instruction EMI implementation this book provides a comprehensive and systematic overview of EMI in K 12 settings in the Asian and European contexts It addresses a wide range of ongoing challenges faced by many EMI policymakers and teachers and offers potential solutions or coping strategies While it focuses on the contexts of Asia and

Europe the book can also provide inspirations or suggestions for researching and implementing EMI in other geographical or cultural contexts such as Africa In brief this book aims to 1 discuss up to date theories on EMI from different fields of research including language policy studies applied linguistics and CLIL research 2 provide detailed and critical reviews of EMI policies in K 12 education in the broad Asian and European contexts 3 report empirical classroom based research on EMI implementation in these contexts and compare findings with those of the previous research 4 engage different researchers and scholars from relevant fields in a dialogue about EMI related theories issues and challenges in these contexts and 5 serve as a hands on resource for educational practitioners who are interested in practicing EMI Exploring Anne Frank and Difficult Life Stories Kirsten Kumpf Baele, Waltraud Maierhofer, Doyle Stevick, 2024-09-19 This volume grounded in the Diary of a Young Girl and its continued appeal to readers of all ages sees both promise in the relevance of Anne Frank s story in the twenty first century and potential for new ways of teaching her story and those of other genocides and human right violations Engaging Anne Frank with these other cases clarifies the distinct nature of the Holocaust and we build on the fact that the diary touches areas of deep interest especially to young people and that it has been read as a monument to resisting hate which is itself a prerequisite for educating citizens of more diverse and inclusive societies The diverse contributions and viewpoints in this volume illustrate how rich the ongoing engagement with Anne Frank and her legacy remain **Making the Case** Donn Short, Bruce MacDougall, Paul T. Clarke, 2021-11-15 A principal forbids same sex prom dates A community group tries to prohibit gender neutral bathrooms Despite growing acceptance of 2SLGBTQ rights Canadian schools regularly become battlegrounds in clashes between students wishing to express their sexuality or gender identity and those who perceive this as a threat to their values Making the Case clearly shows how Canadian law responds to competing human rights claims when there is a clash between people asserting sexual minority rights and those asserting religious rights The authors call on related court cases to explain the position of Canadian law They demonstrate that Canadians have rights to religion and rights to gender expression or sexual orientation and that supporting sexual minority rights does not undermine other people s rights to religious freedom This accessible book is an important tool for anyone working to create an inclusive school environment or needing to respond to a rights based conflict within their school
