

Health and Safety Law

What you need to know

All workers have a right to work in places where risks to their health and safety are properly controlled. Health and safety is about stopping you getting hurt at work or ill through work. Your employer is responsible for health and safety, but you must help.

What employers must do for you

- 1 Decide what could harm you in your job and the precautions to stop it. This is part of risk assessment.
- 2 In a way you can understand, explain how risks will be controlled and tell you who is responsible for this.
- 3 Consult and work with you and your health and safety representatives in protecting everyone from harm in the workplace.
- 4 Free of charge, give you the health and safety training you need to do your job.
- 5 Free of charge, provide you with any equipment and protective clothing you need, and ensure it is properly looked after.
- 6 Provide toilets, washing facilities and drinking water.
- 7 Provide adequate first-aid facilities.
- 8 Report major injuries and fatalities at work to our Incident Contact Centre on **0345 300 9923**. Report other injuries, diseases and dangerous incidents online at www.hse.gov.uk.
- 9 Have insurance that covers you in case you get hurt at work or ill through work. Display a hard copy or electronic copy of the current insurance certificate where you can easily read it.
- 10 Work with any other employers or contractors sharing the workplace or providing employees (such as agency workers), so that everyone's health and safety is protected.

What you must do

- 1 Follow the training you have received when using any work items your employer has given you.
- 2 Take reasonable care of your own and other people's health and safety.
- 3 Co-operate with your employer on health and safety.
- 4 Tell someone (your employer, supervisor, or health and safety representative) if you think the work or inadequate precautions are putting anyone's health and safety at serious risk.

If there's a problem

- 1 If you are worried about health and safety in your workplace, talk to your employer, supervisor, or health and safety representative.
- 2 You can also look at our website for general information about health and safety at work.
- 3 If, after talking with your employer, you are still worried, you can find the address of your local enforcing authority for health and safety and the Employment Medical Advisory Service via HSE's website: www.hse.gov.uk.

Media Freedom Damian Tambini, 2021-08-12 The contentious role of social media in recent elections and referendums has brought to the fore once again the fundamental question of media freedom and the extent to which and the way in which the media should be regulated in a modern democratic society This book surveys the history of media in the US the UK and Europe in order to develop a new theory of media freedom that is capable of resolving current controversies about how best to regulate the media including the internet and social media Tambini argues that democratic regulation of the media must build upon and learn from the long history of accommodation between the press broadcasting the state and corporate power By attending to this history we can see that media freedom is not absolute but rather conditional taking the form of a social contract of privileges and connected duties Tambini develops this social contract account of media freedom and applies it to different media sectors from the press and broadcasting to the internet and social media Above all he argues for a renewed role for international human rights law standards in media governance and an end to American exceptionalism Written for students scholars policymakers and media professionals this wide ranging book will be of interest to everyone concerned about the role of the media in our societies and about the health of our democracies
